

“Debit BPO” – The Right Choice!

Seize market opportunities and strengthen your customer relationship with Debit Business Process Outsourcing (Debit BPO).

The range of applications for debit cards is growing steadily. Visa Debit and Mastercard Debit offer your customers a wide range of new possibilities. In addition to remote payments, the cards can be used with popular digital wallets such as Apple Pay, Google Pay, and Samsung Pay.

Which banks is our offering aimed at?

Our comprehensive “Debit BPO” service package is aimed at issuers of Maestro cards who want to launch the new debit cards with minimal integration:

- Use of Debit Online WEB with customer data for card management
- Authorization of transactions at SIX
- KTB file for transaction clearing

What services are part of the offer?

“Debit BPO” builds on the following key components:

- ✓ Standardization while retaining bank-specific branding in the debiX+ app
- ✓ Comprehensive outsourcing to SIX, including all fraud and chargeback processing
- ✓ Participation in all relevant future developments
- ✓ Transparent costs

Strengthen your customer relationships and take advantage of market opportunities with the Debit BPO offering from SIX.

Customer relationship

With Debit BPO, you retain your customer relationship.

Operational flexibility

The launch of the new generation of debit cards has created demand for a variety of operational services. Our all-flat model means you benefit from services tailored to your needs.

Economies of scale

SIX processes debit cards for over 100 banks. This results in economies of scale and synergies that benefit you.

Efficient Onboarding

Onboarding is carried out by our experienced team of specialists with extensive expertise in Debit BPO. This ensures smooth operations and proven implementation processes.

Proven Solution

Benefit from a solution that builds on existing systems. To process the new debit cards, you only need to update or extend the KTB file for transaction clearing.

Self-Servicing

Use the debiX+ app with the latest 3DS Basis and Mobile Payment modules. SIX is continuously developing the app to offer you a high level of self-service potential.
