

DR. RALF RÜHLING

Senior Product Manager Financial Information, SIX

Dr. Ralf Rühling is Senior Product Manager for Regulatory Services at SIX. After joining SIX in 2016 as Regulatory Consultant he has changed to the Product Management team in 2018 and is responsible for regulatory topics around Investor Protection, e.g. PRIIPs, FIDLEG and MiFID II. With a special focus on document generation and distribution Ralf Rühling's role is to identify market needs and client requirements to improve and extend relevant SIX services for better process integration, reduction of efforts and achieving regulatory compliance. With extensive experience in structured products, Ralf Rühling was heading Solvians Switzerland before joining SIX and worked on several consulting mandates with international banks, exchanges and other companies in the financial industry with focus on structured products modelling and data processing, fair value calculations, and regulatory projects.
