

A group of four diverse professionals are walking along a city sidewalk. From left to right: a woman with long brown hair wearing a dark blazer over a bright orange top and dark trousers; a man with a beard and glasses wearing a light blue button-down shirt and dark trousers; an older woman with short grey hair wearing a green cardigan over a black and white striped dress; and a man with a beard wearing a dark suit jacket over a white shirt and dark trousers. They are walking on a paved sidewalk with some fallen leaves. In the background, there are modern buildings, trees, and a clear sky.

## Drive — PERFORMANCE

Our services enable our clients to focus on their core business, create value, and reduce cost.

### **EXCHANGES**

As the operator of SIX Swiss Exchange and BME Exchange, SIX consolidates listing and trading under one roof.

### **SECURITIES SERVICES**

From clearing through settlement and custody to securities finance, and trade repositories, SIX covers the whole post-trade value chain and offers leading services at every stage.

### **FINANCIAL INFORMATION**

As a global provider of financial information, SIX delivers high-quality reference, pricing, corporate actions, ESG and regulatory data on multiple assets classes, with specialized services in indices and ETFs.

### **BANKING SERVICES**

As the competence center for Swiss payment transactions, SIX supports banks with innovative services in an increasingly digitalized world.

A man with a beard and a blue lanyard is smiling while looking at a computer monitor in a trading floor. Several other computer monitors are visible in the background.

*SpainAtMid: The Discrete Liquidity Solution  
for the Spanish Market*

SIX offers a dark pool trading platform in Spain. This enables clients to execute large trades anonymously and reduce the impact on prices.

→ [www.six-group.com/swissatmid](http://www.six-group.com/swissatmid)

## EXCHANGES

Measured in terms of the number of freely tradable shares, SIX – with SIX Swiss Exchange and BME Exchange – is the third-largest exchange group in Europe by market capitalization.

→ [six-group.com/exchanges](https://six-group.com/exchanges)

## SIX SWISS EXCHANGE

The Swiss stock exchange ranks among the leading trading venues in Europe, with excellent liquidity and over 240 listed companies. We provide access to international financial markets and to highly capitalized domestic and foreign investors.

We are proud to offer our clients innovative order books, market models, functionalities, and order types across various trading segments.

We provide investors with access to over 65,000 securities and products in a variety of trading segments and offer efficient exchange trading thanks to the latest technology, excellent trading conditions, and superior liquidity within an attractive securities universe.

As a reference market for stocks, bonds, ETFs, ETPs, sponsored funds, and structured products, SIX Swiss Exchange is a reliable source when it comes to market data for Swiss securities and indices.

## BME EXCHANGE

The Spanish stock exchange is based in four different cities: Madrid, Barcelona, Bilbao, and Valencia. Our products and services are geared toward companies throughout their entire life span: from the premarket environment to BME Scaleup, BME Growth and on to the main market.

The Latibex market serves as the bridge for Latin American companies to reach European investors.

Our choice of products includes regulated and alternative markets for fixed-income products and financial and commodities derivatives.

## SECURITIES SERVICES

SIX covers the entirety of post-trading: from clearing through settlement and custody to securities finance, and trade repositories. At SIX, we understand the value of stable and reliable services and this is why we continuously invest in new technologies and innovative solutions.

→ [six-group.com/securities-services](https://six-group.com/securities-services)

### CLEARING

We provide multi-asset clearing services in a highly regulated environment, and manage risks in real time for multiple trading platforms across Europe. Through the two central counterparty clearing houses (CCPs), based in Switzerland and in Spain, We fulfill key functions that reduce credit risk and liquidity requirements while greatly enhancing settlement efficiency.

### SETTLEMENT AND CUSTODY

As one of the leading financial market infrastructure providers, we operate the central securities depositories (CSDs) in Switzerland and Spain. We manage risks and commitments via the most qualified, stable, and financially sound CSDs in Europe and provide first-class custody services.

### SECURITIES FINANCE

The collateral and repo platform, CO:RE, brings together trading and collateral management capabilities in a fully integrated value chain, and offers over 160 financial institutions, as well as the Swiss National Bank, single-point access to their repo transactions. Through the Triparty Collateral Management (TCM) service and the Collateral Cockpit™, we standardize and automate collateral management, making it transparent and streamlined. Additionally, we offer the lending and borrowing services to provide efficient access to this business segment while reducing risk.

**EUR 6.5 tn**

In 2024 the average deposit volume in Switzerland increased by 2.2% (total: **EUR 3.8 tn**) and in Spain by 6.1% (total **EUR 2.7 tn**).

## TRADE REPOSITORIES

We manage two trade repositories: The SIX Trade Repository is approved by the Swiss Financial Market Supervisory Authority (FINMA). It guarantees full data storage in Switzerland and compliance with Swiss regulatory standards. REGIS-TR covers the reporting obligations stemming from EU and UK regulations.

## SDX

SDX enables the issuing, settlement, and custody of digital assets and wholesale central-bank digital currency.

The central securities depository operates under the supervision of Switzerland's financial market regulator, FINMA, providing a compliant and well-regulated platform, pursuing investor protection and market integrity.

Originally established as a stand-alone infrastructure, SDX is now linked to existing exchange infrastructures in order to make the advantages of distributed ledger technology available to all market participants.

## FINANCIAL INFORMATION

For more than 95 years, we have been providing structured, interlinked, and enriched global financial data that smoothly integrates with our clients' workflows. Our added-value services allow our clients to focus their resources on growing their core business.

→ [six-group.com/financial-information](https://six-group.com/financial-information)

### REFERENCE AND PRICING DATA

Using data from over 5,000 sources worldwide, we aggregate data in real time for approximately 32 million financial instruments.

With our high-quality reference, pricing, and corporate actions data, we deliver the basis for confident business decisions, through innovative solutions such as the SIX Bot for corporate actions. Our database covers a wide range of asset classes, including fixed income and funds, and legal entities.

We deliver global real-time market data through modern APIs, cloud environments, and a wide network of software partners. Our market data allows the analysis of securities from front to back office.

### REGULATORY DATA SERVICES

Regulatory requirements worldwide are becoming increasingly complex and interlinked. We help financial institutions to comply with legal provisions, economic sanctions, and market requirements for more than 80 European and international regulations.

In collaboration with our clients, we develop services for investor protection, risk assessment, and tax as well as regulatory reporting requirements. Our WealthTech and RegTech services include solutions in the area of trade surveillance and transaction cost analysis.

# 15x

SIX has been recognized for its corporate actions data **15 times** in a row (IMD/IRD Awards).

## CUSTOMER INTERFACES

We deliver our data in the right format at the right time via powerful data feeds, modern APIs, specific data packages, or through cloud platforms and partners. Clients order and pay only for the data they need.

The financial data display product SIX iD makes it easy to navigate a wealth of information from SIX and third-party providers in the office, on the move, or working from home.

## ESG DATA

We enable our clients to source a variety of fundamental ESG and specialist data by multiple vendors. We map the data and regulatory content to a wide range of company and instrument identifiers, normalize it, and make it comparable and machine-readable. Our global client base receives ESG data via our various data delivery channels for market, reference, corporate actions, regulatory, and tax data. We offer analytical ESG workflow solutions for financial market participants to map assets, and report on sustainability criteria in line with normative and regulatory frameworks. Moreover, we offer ESG indices in Switzerland, Spain, and the Nordics as well as gender equality indices in Switzerland and Spain.

\* ESG stands for Environment, Social, and Governance.

## ETFs

Since the acquisition of Ultumus, we are able to offer our clients access to a data universe of 12,500 ETF products, which corresponds to 98% of the market. This makes us one of the biggest ETF and index data specialists in the world.

By combining the leading position of Ultumus regarding ETF creation and redemption with the core competencies of SIX in trading, post-trade, and data services, we are able to cover the entire value chain, the full spectrum of the ETF market, and offer market-leading services to our clients.

## INDICES

We offer a range of indices for the Swiss, Spanish, Nordic, and global markets, which provides investors and issuers with the benchmarks they need to measure performance and trade key segments and strategies.

In addition to Switzerland's flagship SMI, SBI, and SARON indices, and Spain's leading index IBEX 35, we offer a broad range of Nordic benchmarks and the SIX Global Equity Indices, as well as a variety of strategic, thematic, and client-specific indices. Many ETPs, funds and derivatives are based on our indices and billions of assets are associated with them.

## BANKING SERVICES

We have been handling payment transactions in Switzerland for more than 30 years. When digitalizing processes, we take the lead and continue to develop the circulation of money, whether electronic, card-based, or cash. This allows banks to focus on their core business.

→ [six-group.com/banking-services](https://six-group.com/banking-services)

## **BANCOMAT SERVICES**

We operate the largest ATM network in Switzerland and are a partner to banks for cash solutions.

We strive to improve the cash supply value chain through ATM pooling. This initiative optimizes efficiency, reduces costs, and enhances service quality by enabling banks to share ATM networks.

In addition, we define and manage common standards and requirements for the respective networks. We also process interbank and intra-bank transactions.

## **DEBIT AND MOBILE SERVICES**

We are the preferred partner for the processing of debit cards and innovative value-added services in Switzerland and Liechtenstein.

In close cooperation with the banks, we are continuously developing the debiX+ app and expanding the offering in line with customer needs.

We operate the customer service center for the card issuer, assume responsibility on behalf of the card issuer for preventing card-related fraud, and handle chargebacks.

## **CONNECTIVITY**

With bLink, we provide the Swiss financial center with an efficient, secure, and comprehensive open banking platform for the standardized exchange of data and services via state-of-the-art interfaces (APIs).

The platform allows its participants (banks and FinTechs) to establish innovative API-based solutions for both private and business clients in a highly standardized and scalable way.

## **DATA ANALYTICS AND AI**

Data is the foundation that drives the development of innovative products and services. The combination of data and advanced technologies can not only significantly improve business performance and efficiency, but can also drive innovation and competitiveness.

We apply advanced data science techniques to unlock the potential of data and develop value-added data products or solutions. We strive to provide effortless access to data insights to help our clients achieve growth, smart decisions, and sustainable success.

# Drive — INNOVATION

New technologies allow for groundbreaking innovations that will lead toward the transformation of the entire financial market infrastructure landscape. SIX is well positioned to play an active part in shaping the future of financial centers and serve them in the long term.

## INNOVATION AT SIX

Innovation is firmly rooted at SIX. We are constantly exploring new avenues, questioning the status quo, and taking advantage of every business opportunity. Relying on specialist knowledge and expertise, we develop innovations and thought leadership

on the relevant topics: SIX developed the **world's leading market infrastructure for digital assets**, created the basis for innovation in **open banking**, and offers modern solutions for **security and data protection**.

We are a pioneer in generating new ideas in investment and asset services as well as in **data and analytics**, and are transforming ourselves from a data provider to a provider of artificial intelligence.

→ [six-group.com/future-finance](https://six-group.com/future-finance)

## *The Future of Finance Is Now*

The financial sector has to contend with a profound change. Business models change almost weekly, and without exception players are at a crossroads. Everyone is looking for ideas to generate continued growth. Many of these new approaches are turning up in new technologies, infrastructures, and data. We at SIX work closely with our clients in order to transform the financial markets of today, and prepare them for the future.

→ [six-group.com/future-finance](https://six-group.com/future-finance)

## SUPPORTING STARTUPS

We strengthen the competitiveness of the Swiss and Spanish financial center by investing in **innovative startups** that become high-scaling independent category leaders in FinTech. The startups show cutting-edge tech, **new business models**, and a superb customer experience.

→ [six-group.com/fintech-ventures](https://six-group.com/fintech-ventures)

## INNOVATION AS TRADITION

SIX has been connecting the financial markets to the real economy with its innovations for over 90 years: 1930 – introduction of **Stock Ticker Service**; 1961 – **the world's first televised stock exchange**; 1996 – **the first fully electronic trading**; 2021 – the launch of **SIX Digital Exchange (SDX)**. SDX was the first fully regulated exchange and **Central Securities Depository** for the issuing, trading, settlement, and custody of digital assets.

## INNOVATION FOR THE FUTURE

Innovation drives progress by transforming ideas into impactful solutions. SIX uses **AI** to enhance internal efficiency, enrich services, and elevate customer experience.

Our automated processes provide **advanced analytics** and personalized interactions. With this, SIX ensures precise, timely, and tailored financial insights.

## Drive — STABILITY

Without our resilient infrastructure, the local economy would grind to a halt. SIX makes a vital contribution to the stability and security of the Swiss and Spanish financial center.

### SECURITY AND AVAILABILITY

The systems of SIX are designed to withstand situations of extreme stress. In order to ensure **continuous operation**, the data centers by default are also fed by **independent and redundant power lines**. In the event of a serious power outage, operations switch over to the **backup data center**.

Business continuity plans for all relevant business processes ensure that we are able to provide or quickly restore our services even in a crisis.

## SUPERVISION AND REGULATION

All areas of SIX engaged in securities trading and settlement are subject to the direct supervision of the **Swiss Financial Market Supervisory Authority (FINMA)** and to the Swiss Financial Market Infrastructure Act (FMIA).

Swiss law requires that stock exchanges independently enact, monitor, and enforce regulations for issuers and stock exchange participants. The Regulatory Board is responsible for setting the rules, while the Sanctions Commission, the Appeals Board, and the Board of Arbitration pass judgments. **SIX Exchange Regulation** enforces the rules as an independent subsidiary of SIX.

→ [ser-ag.com](https://ser-ag.com)

The financial market regulator in Spain is the **Comisión Nacional del Mercado de Valores (CNMV)**. CNMV is the body responsible for the supervision and inspection of Spanish securities markets and for the activity of all those involved in them. Its aim is to ensure the transparency of Spanish securities markets and the correct formation of prices, as well as the protection of investors.

Furthermore, SIX is under national and international supervision across different jurisdictions and at different levels, depending on the business activities of its various units.

## 7 of 8 Approvals

The Swiss Financial Market Supervisory Authority (FINMA) issues **seven out of eight** approvals for financial market infrastructures (including trading venues) to SIX. Two approvals (trading venue and central depository) relate to the digital exchange SDX.

## COMPLIANCE AND DATA PROTECTION

SIX and its employees naturally comply with all local, national, and international **laws and regulations**. In the course of our business activities, we collect and process a large volume of data. **Protecting this data** is our top priority. We safeguard the personal rights and privacy of employees, clients, business partners, and other interested parties, and comply with national and international legal requirements. This is the foundation for our trusting business relationships.

*User-Owned, User-Governed—  
In the Service of the Financial Center*

The commitment to our shareholders, approximately 120 domestic and international financial institutions, guarantees stability, client centricity, and competitive rates.

→ [six-group.com/ownership](https://six-group.com/ownership)

## Drive — EXPERTISE

SIX invests in the ideas, knowledge, and the development of its 4,400 employees. As experts with a variety of backgrounds and skills, they share their expertise with the entire financial center.

### DIVERSITY IN THE WORKFORCE

From acknowledged experts to ambitious young apprentices, our workforce includes people with a wide variety of experience, professional backgrounds,

and training. We promote a diverse and inclusive culture that values different perspectives. We foster company-wide collaboration and we champion the causes of **gender equality and equal opportunity**. This includes **unbiased recruiting, equal pay for equal work, work-life balance, fair and transparent career development and flexible working arrangements**.

We are particularly proud of our **communities**: the Gender Diversity Network, Parents@Work, Young Talents, Queers&Peers, just to name a few. Programs such as the international graduate program, various types of internships, working student programs for career changers and migrants aim to create opportunities for a **diverse workforce**.

## *SIX Spirit – A Strong Corporate Culture Defines Us*

The SIX Spirit describes our attitude toward the company and to life at SIX, and is the core of our actions. Our values of Customer Focus, Collaboration, Ownership, and Trust are included in this. Together with all employees, the SIX Spirit is continuously strengthened and developed within communities, modern training and workshops, and targeted projects.

→ [six-group.com/discover](https://six-group.com/discover)

## WORKING AT SIX

We invest in bright minds who will jointly shape the future of the financial markets. This includes not only **individual development programs**, but **modern forms of work** such as flexible annual working time, options to purchase additional vacation time, and **remote working**. We support employees beyond their working time through a voluntary family allowance; 16 weeks maternity leave (option to add 8 weeks of unpaid leave) and 4 weeks paternity leave in Switzerland; advice on medical, social, or legal questions; sports and recreation opportunities; public transit subsidies; and additional **discounts**.

→ [six-group.com/careers](https://six-group.com/careers)

### 72 Apprentices

In 2024, SIX employed a total of **72 apprentices** in five professions in Switzerland.

## SHARING KNOWLEDGE

As a thought leader within the Swiss and Spanish financial centers, we not only consider the future, but also share our insights with all our stakeholders, be it in **white papers**, **studies**, during **events**, or in personal discussions. We are a member of many **national and international industry associations** and collaborate with renowned **universities** in Switzerland, Spain, and Poland and with startups via the Tenity FinTech Incubator & Accelerator.

## Drive — SUSTAINABILITY

SIX plays a central role as a financial market infrastructure and as a solutions provider. Our position at the interface between financial markets and business enables us to help shape the transition to a sustainable economy.

### WE HELP COMPANIES NAVIGATE SUSTAINABILITY IN CAPITAL MARKETS

SIX helps companies disclose sustainability information and **comply with legal requirements**. We increase transparency for investors, enabling them to align their investments more effectively with their preferences.

In addition, SIX opens **financing channels for SMEs** to accelerate their growth and bolster their financial resilience.

### SIX AS AN ESG DATA, PRODUCTS, AND SERVICES PROVIDER

We navigate the dynamic sustainability landscape by **providing ESG and regulatory data**, and by addressing clients' ESG challenges through a dedicated and

integrated product offering. We provide **robust and independent benchmarks** for the bond and equity markets. They serve as reliable reference points for investors.

## SIX AS AN ATTRACTIVE EMPLOYER

As an attractive employer, we maintain a sustainable talent pipeline at all levels of the organization, recruiting the most **skilled professionals** from the external market and promoting people from the internal talent pool. We promote a **diverse and inclusive culture** that values different perspectives, fostering company-wide collaboration. What sets us apart drives us ahead. Furthermore, we invest in **continuous development** and promote a culture of lifelong learning.

## SIX AS A GOOD CORPORATE CITIZEN

We aim to achieve **net zero emissions by 2050**, and have set our first near-term targets in 2024. In all our spheres of influence, we support the transition to a low-carbon and climate-resilient economy. By aligning with evolving ESG standards and regulations we ensure **credibility and transparency**.

In today's world, the self-determined participation in society is no longer possible without an understanding of the financial system. Fostering **financial literacy** is therefore one of the ways in which we contribute to maintaining a stable economy.

## *Financial Literacy at SIX*

Through the first and only **finance museum** in Switzerland, at our headquarters in Zurich, we host an interactive multimedia exhibition that explains how the economy and the stock market work. The **Instituto BME** also imparts financial knowledge to all segments of the population via courses on the financial market and financial products, FinTech, regulation, and more.
