ISO 4217 AMENDMENT NUMBER 170

**Effective from 1 October 2021, the following addition will be made to
"List one: Currency, fund and precious metal codes":**

Entity	Currency	Alphabetic code	Numeric code	Minor unit
VENEZUELA (BOLIVARIAN REPUBLIC OF)	Bolívar Soberano	VED	926	2

Statement from the ISO 4217 Maintenance Agency

The Bolívar Soberano (VES) is redenominated by removing six zeros from the denominations. A new currency code VED/926 representing the new valuation (1,000,000 times old VES/928) is introduced on 1 October 2021 for any internal needs during the redenomination process, but is not replacing VES as the official currency code. The Central Bank of Venezuela will not adopt the new codes in the local system, VES/928 remains in use.

The actual currency code VES/928 remains the valid code after 1 October 2021 to use in any future transactions to indicate the redenominated Bolívar Soberano.

Until further notice, VES/928 and VED/926 remain on "List one: Currency, fund and precious metal codes".
