The SIX Denmark Index (SIXDEN) has been constructed to mirror the market performance of companies listed on the Copenhagen Stock Exchange. SIXDEN is a capital weighted index which aims to reflect the market performance from a fund management perspective.

SIX Denmark Index is part of the SIX Nordic Index family which consists of Nordic indexes as well as individual country indexes. SIXDEN is calculated in three dividend versions (Price, Gross and Net) and are available in both capped and uncapped variants.

All listed securities are also divided into Large, Mid and Small cap segment indexes based on their market capitalization. These indexes are reviewed semi-annually, based on the prevailing market values.

**Index calculation**
New listings on the Copenhagen Stock Exchange are included in the index calculation from the second listing day.
