## Backbone of SIX Fixed Income Data

Document Hub for Fixed Income is a core component of the [SIX Fixed Income Data offering](#). Combined, they enable seamless access to source documents linked to relevant data fields – supporting compliance, risk, and investment workflows. This connection empowers institutions to verify data, respond to audits, and deepen their analysis of fixed income instruments.

#### **A One-Stop Shop for Document Management**

The SIX Document Hub platform provides access to documents from hundreds of product manufacturers – all in one place. In addition to fixed income, companies can retrieve key pre-sales materials, such as PRIIPs KIDs, as well as ESG reports, white papers, and legal publications. The platform also enables secure management of proprietary or marketing documents.

#### **Reduced Costs and Seamless Integration**

The SIX Document Hub platform supports companies in reducing the cost and complexity of sourcing documents. It can be integrated into your systems or accessed via a web interface to view, retrieve, and send documents to clients.

#### **A Single Interface With a Full Audit Trail**

The SIX Document Hub platform allows companies to access documents from numerous manufacturers through a single interface, eliminating the complexity of managing separate connections to each source. Every retrieval is automatically logged, ensuring a complete audit trail to support efficient and compliant review processes.

#### **Why SIX?**

SIX combines over 95 years of financial information expertise with strong regulatory insight and global data infrastructure. The SIX Document Hub platform provides accurate, complete, and timely documentation, enabling institutions to operate effectively and meet compliance obligations.
