For the purpose of this Agreement, Derived Data includes any simple manipulation or aggregation of SAD (e.g. the calculation of averages, medians, and variances of SFAD etc.).

4 SIX Analytics Data [SAD]

4.1 Right of Use (License)

SIX Exfeed undertakes to grant and grants the User hereby a non-exclusive, non-transferable, non-sublicensable and revocable right to use SAD connected to the according SIX Analytics Product exclusively for the Purpose(s) of Usage during the Term of the Agreement or the Product Term respectively. In the event of termination due to a change made by SIX Exfeed under this Clause 4.1, the User is discharged from payment obligations after the date of termination.

This right of use does not limit the right of SIX Exfeed to add, delete or alter SIX Analytics Products or certain content of it from time to time depending on its operational requirements. This applies in particular to the content pursuant to the Product Guides. SIX Exfeed gives notice to the User one month before introduction of the changes. If the User does not agree with the changes, it has the right to terminate the Agreement or, as the case may be, a part of the Agreement, i.e. with regard to the SIX Analytics Product or the Purpose(s) of Usage negatively affected, as per the entry into force of the changes by giving SIX Exfeed written notice before the entry into force of the changes.

4.2 License Fee

The User undertakes to pay a License fee to SIX Exfeed which covers the licensing and use of SAD connected to the according SIX Analytics Product as subscribed in the Order Form. The amount of the License fee is defined in the price list which is an integral part of the SIX Analytics Agreement and depends on the subscribed Analytics Data Information Product. The fees are payable to SIX Exfeed irrespective of whether the User sources SAS directly from SIX Exfeed, indirectly from a Third Party or uses a Third Party to do so on behalf of the User.

The License fee is also applicable to any person making use of any SIX Analytics Data before or without having entered into an Agreement with SIX Exfeed.

In general, the License fees will be invoiced on a monthly or annual basis as mentioned in the price list. The User shall pay the License Fee within 30 days after receipt of the invoice and becomes in default ('Verzug') of payment obligations without any further notification when the owed amount is not received by SIX Exfeed in time.

In the case of Undeclared Usage, the License fee for such Undeclared Usage based on the prices defined in [the Price List](#), is payable and due retroactively for the time during which the Undeclared Usage has been made. If the Undeclared Usage has been made by intent or gross negligence, SIX Exfeed is allowed to apply a conventional penalty and to claim the doubled amount of the License fee that would have been payable if the Undeclared Usage had been declared as required by and included in the Agreement (cf. art. 160 para. 2 of the Swiss Code of Obligations). If the damages sustained exceed the liquidated damages, SIX Exfeed is entitled to compensation for all damages sustained.

4.3 SIX Analytics Data Usage

The User is entitled to use and store all SAD for internal analytical and benchmarking purposes.

Any Third Party Usage such as publication or redistribution to Third Parties (for the avoidance of doubt, the occasional disclosure of metrics, i.e. limited extracts of any SAD to customers or prospects, for information or illustration purposes only, being allowed) or any commercial use whatsoever is subject to SIX Exfeed's prior approval. The User must inform SIX Exfeed about any contemplated Third Party Usage in advance and SIX Exfeed may reject its approval of any Third Party Usage at its discretion, including, in particular, (i) if the User cannot demonstrate that the relevant Third Party has executed and maintains a separate agreement for the use of SAS with SIX Exfeed covering the relevant use of SAD in connected to the according SIX Analytics Product, or (ii) if the User does not commit to pay a License fee for the Third Party Usage.

The User is allowed to outsource services regarding the use of SIX Analytics Services to a Service Facilitator upon approval by SIX Exfeed. Such approval shall not be unreasonably withheld by SIX Exfeed. The User is fully liable for the Service Facilitator's compliance with the Agreement. The Service Facilitator cannot use its own brand or any form of co-branding for the outsourced service.

The right of the User to distribute its own Derived Data based on SAD to any Third Party is subject to prior approval by SIX Exfeed.

4.4 Usage by User's Group

The use of subscribed SAD by companies of the User's Group within the Purpose(s) of Usage is allowed.

SIX Exfeed may authorise an Affiliated Company to be part of the User's Group if such Affiliated Company will receive SAD by the same distribution channel (e.g. SFTP user, a closed user group, or any other distribution system of SIX Exfeed) as the User.

The User may add to and change the list of Affiliated Companies recorded in the SIX Analytics Services: Affiliate List. The User shall notify SIX Exfeed promptly of any proposed changes to the SIX Analytics Services: Affiliate List. All changes are subject to prior approval by SIX Exfeed.

The inspection shall take place during ordinary business hours. SIX Exfeed and its auditors shall treat all information obtained during the audit as confidential and use it only for the purpose of assessing compliance with the Agreement.

8 Liability

Each Party shall not be liable to the other Party for damages caused by circumstances out of its reasonable control, in particular if it is prevented from fulfilling its obligations pursuant to this Agreement for reasons which lie outside of its reasonable control.

None of the Parties shall be liable to the other Party for any indirect or consequential loss or damage, including loss of profits, loss of turnover, loss of bargain, loss of opportunity, loss of software, lack of data and quality or loss in connection with any download interruptions in connection with SIX Analytics Services.

SIX Exfeed excludes in particular liability for damages resulting from transmission errors, technical defects, malfunctions, operational failures or other inadequacies of third parties, overloads of the internet as well as phishing or other illegal interventions.

SIX Exfeed undertakes reasonable endeavors to ensure the accuracy, reliability, timeliness and continuity of SIX Analytics Services and to correct at its expense any errors as soon as reasonably practical and to the extent in which it is within the reasonable control and ability of SIX Exfeed. Notwithstanding the above, SIX Exfeed assumes no liability for the authenticity, completeness, accuracy or timeliness of the data made available.

SIX Exfeed shall further not be liable for the behavior of third parties acting on its behalf if it has practiced due diligence in selecting, instructing and – where necessary – supervising them.

SIX Exfeed's liability shall be limited to willful misconduct and gross negligence.

9 Intellectual Property Rights

The User acknowledges that SIX Exfeed owns, and will continue to own, all intellectual property and any other rights regarding the use of Analytics Data Information Products and SIX Analytics Services.

This Section 9 GTC shall stay in force for an indefinite period in the event of the termination of the Agreement.

10 Amendments of the Contract Elements

SIX Exfeed is entitled to unilaterally amend the Contract Elements, i.e. the GTC, the SIX Analytics Services: Price List and the Product Guides. Amendments have to be communicated to the User not later than three months before they become effective. If the User does not agree with the amendments, it has the right to terminate the Agreement as per the date when the amendments become effective by giving notice to SIX Exfeed not later than one month before the amendments become effective, in the event of such a termination, SIX Exfeed will refund a pro rata amount of any monies paid for usage of SIX Analytics Services after such amendments become effective.

11 Consumer Price Index Adjustment

SIX Exfeed is entitled to adjust the License fees set forth in the SIX Analytics Services: Price List to reflect increases in the CPI published monthly by the Federal Statistical Office, Section Prices, Espace de l'Europe 10, 2010 Neuchâtel, Switzerland or any successor agency. The adjustment is based on the arithmetic mean of the last twelve (12) months (i.e. the average annual inflation rate during the reference period). The reference period for which changes in the CPI will be measured is from September to August. The fee adjustment will be effective the following January. The fee adjustment is directly proportional to the percentage change in the CPI between the specified periods. If publication of the CPI ceases, or if the CPI otherwise becomes unavailable or is altered in such a way as to be unusable, SIX Exfeed may apply an appropriate substitute index or a percentage value published by the Federal Statistical Office in Switzerland or any successor agency. For the purposes of this calculation, the fees shall be set forth on a revised Annex I.

12 Termination

The Agreement or, as the case may be, a specific SIX Analytics Product, may be terminated by SIX Exfeed or the User by giving to the other Party at least three months written notice prior to the end of a quarter of a calendar year as per the end of that quarter.

A termination of the Agreement according to section 4.1 paragraph 2 GTC or a part of the Agreement, i.e. with regard to the product or the Purpose(s) of Usage negatively affected, remains reserved.

The Agreement may be terminated extraordinarily with immediate effect or as per another date specified in the written notice by any Party,

- a. if a Party to the Agreement commits a material breach of the Agreement and fails to remedy such a breach within 30 days after receiving written notice of the other Party requiring it to remedy the material breach;
- b. if a Party suspends payments or if its financial situation has significantly deteriorated, which includes *inter alia* if a Party declares itself or becomes insolvent, or is declared in suspension of payments, or applies for or consents to or suffers the appointment of an administrator or receiver or liquidator or enters into a general assignment or composition with or for the benefit of its creditors, or an order is made or effective resolution is passed for the winding up or dissolution of a Party, or if a Party ceases to carry on its business.

13 Confidentiality

Each party acknowledges that information of a confidential nature relating to the business of the other Party may be disclosed to it under this Agreement. Each party undertakes to hold such information in confidence and not, without the consent of the other, disclose it to any Third Party nor use it for any purpose other than for the performance of this Agreement. This obligation does not apply to information which (i) at the time of disclosure is already in the public domain, (ii) has not been identified as confidential and which no reasonable person would assume is confidential, (iii) after disclosure becomes generally available to third parties other than by breach of this Agreement by the recipient, (iv) is or becomes rightfully known to either Party without restriction from another source, or (v) is required to be disclosed by order of legal or regulatory authorities.

SIX Exfeed may disclose confidential information to group companies of SIX Group AG and/or its staff in Switzerland and abroad, provided SIX Exfeed ensures that the group company concerned and/or the staff concerned are bound by confidentiality provisions that are comparable to those in this Agreement. This applies in particular in the context of internal group activities involving more than one company and/or country, e.g. concerning product developments/improvements, market analyses, marketing, optimization of customer services and risk management, and to facilitate the organization within the group.
