

# SBI ESG AAA-BBB Total Return

## Index Description

The SBI ESG AAA-BBB TR (SBESGT) is based on the SBI AAA-BBB TR, but introduces an additional layer of sustainability criteria. Issuers are selected on the basis of three criteria mainly sourced from Inrate ([www.inrate.com](http://www.inrate.com)). On December 30, 2016 the SBI ESG AAA-BBB TR was standardised at 100 points. In order to be included in this index, a bond must be a component of the SBI AAA-BBB TR, and its issuer must have an ESG impact rating of C+ or better on a scale from A+ to D-. To be selected for the index, all instruments are subject to revenue limits in the following sectors: adult entertainment, alcohol, armaments, gambling, genetic engineering, nuclear energy, coal, tobacco and oil sands. In addition instruments must not been recommended for exclusion by the Swiss Association for responsible Investments (SVVK-ASIR) and need to fulfill the United Nations Global Compact (UNGC) assessment. Its benchmark, SBI AAA-BBB TR (SBR14T), includes CHF bonds from issuers globally with no specific sustainability requirements.
