

# SMI® TR Decrement 580 Points

All data retrieved as of 05/31/2022

## Index Description

The SMI® TR Decrement 580 Points (SMID580P) replicates an investment in the SMI TR (Total Return) index less a constant Decrement in form of a fixed annualized Percentage Value or a fixed annualized Index Point Value. In this context, the Decrement is also often called "synthetic" dividend and the Decrement indices are called synthetic Dividend Indices. Decrement indices should therefore be compared to SMI PR (Price Return). The respective methodology approaches are described in more detail in the [Rulebook](#).
