

SMI® TR Decrement 640 Points

All data retrieved as of 02/29/2024

Index Description

The SMI® TR Decrement 640 Points replicates an investment in the SMI TR (Total Return) index less a constant Decrement in form of a fixed annualized Percentage Value or a fixed annualized Index Point Value. In this context, the Decrement is also often called 'synthetic' dividend. Decrement indices should therefore be compared to SMI PR (Price Return). The respective methodology approaches are described in more detail in the [Rulebook](#).
