

# SPI® ICB Industry 4000 "Health Care" Total Return

## Index Description

The SPI® ICB Industry 4000 "Health Care" TR (C4000T) index measures the development of the sector Healthcare within the SPI. The sector definition is based on the sector classification standard of ICB with 9 Industries and 18 Supersectors. The SPI Sector Indices are variable components indices with their components weighted by freefloat market capitalisation. The index was launched on January 01, 1996 and standardised at 1000 points as of December 31, 1999. As of today the index represents more than 32% of the freefloat market capitalization of the entire Swiss equity market. Its benchmark Swiss Performance Index SPI® Total Return (SXGE) covers 99% of that market

## Index Performance
