

Explanation of how ESG factors are reflected in the key elements of the benchmark methodology of SPI ESG Weighted

Consideration of ESG Factors

Item 1. Name of the benchmark administrator.

SIX Financial Information AG

Item 2. Type of benchmark or family of benchmarks. Choose the relevant underlying asset from the list provided in Annex II of Commission Delegated Regulation (EU) 2020/1816.

Equity

Item 3. Name of the benchmark or family of benchmarks.

SPI ESG Weighted

Item 4. Does the benchmark methodology for the benchmark or family of benchmarks take into account ESG factors?

Yes No

Item 5. Where the response to Item 4 is positive, please list below, for each family of benchmarks, those ESG factors that are taken into account in the benchmark methodology, taking into account the ESG factors listed in Annex II to Delegated Regulation (EU) 2020/1816. Please explain how those ESG factors are used for the selection, weighting or exclusion of underlying assets. The ESG factors shall be disclosed at an aggregated weighted average value at the level of the family of benchmarks.

N/A

Item 6. Where the response to Item 4 is positive, please list below, for each benchmark, those ESG factors that are taken into account in the benchmark methodology, taking into account the ESG factors listed in Annex II to Delegated Regulation (EU) 2020/1816, depending on the relevant underlying asset concerned. Please explain how those ESG factors are used for the selection, weighting or exclusion of underlying assets. The ESG factors shall not be disclosed for each constituent of the benchmark, but shall be disclosed at an aggregated weighted average value of the benchmark. Alternatively, all of this information may be provided in the form of a hyperlink to a website of the benchmark administrator included in this explanation. The information on the website shall be easily available and accessible. Benchmark administrators shall ensure that information published on their website remains available for five years.

a) List of environmental factors considered:

Exclusion of issuers with an ESG score of below C-.

Additionally, ESG scores are used to over or underweighted the components.

b) List of social factors considered:

Exclusion of issuers with an ESG score of below C-

Additionally, ESG scores are used to over or underweighted the components.

Exclusion of companies with revenues of 5% or more in a critical sector. These critical sectors are adult entertainment, alcohol, armaments, betting, genetic engineering, nuclear energy, coal, oil sands and tobacco.

Item 7. Data and standards used

a) Data input.

(i) Describe whether the data are reported, modelled or sourced internally or externally.

(ii) Where the data are reported, modelled or sourced externally, please name the third party data provider.

The ESG data is sourced externally, with Inrate being the ESG research provider. Inrate delivers ESG scores and information on revenue in critical sectors. For details on Inrate's ESG research, please refer to <https://www.inrate.com>

b) Verification and quality of data.

Describe how data are verified and how the quality of those data is ensured.

Inrate has established processes in accordance with accepted and established market standards, that have been continuously developed and regularly adjusted over the past 25 years.

The quality assurance process includes:

- Systematic peer review for all companies that are newly assessed
 - Systematic peer review for all significant changes during the annual update
 - Periodic spot checks for certain high-risk industries/issue areas by research leads
 - Periodic data comparison with third-party sources, including government and industry databases
-

c) Reference standards

Describe the international standards used in the benchmark methodology.

Any standards used in the benchmark methodology are listed in Item 6 above

Date on which information has last been updated and reason for the update:

24 December 2021; initial setup of document
