Asset classes

- **Equity:** Instruments listed at the BME Stock Exchanges (Madrid, Valencia, Barcelona, Bilbao)
- **Fixed Income:** EUR government bonds listed at the BME Stock Exchanges

Data sourcing

- All Spanish indices use readily available and from the Spanish Stock Exchange (Sociedad de Bolsas) data and are regulated by the Comisión Nacional del Mercado de Valores (CNMV)

Client usages

- Creation of financial products in asset management (index funds, ETFs, institutional mandates), structured products and index derivatives (futures/options)
- Internal usage by banks in active portfolio management, advisory, research
- Media

An ornate, arched window with a decorative frame. The window is divided into several panes, with a large circular pane at the top. Four people are visible looking out from the window. The window is set within a classical architectural structure with columns and decorative elements. The text 'Contacts' is overlaid in white on the window.
