Date 07.11.2012

Important Information 

Dear Customer

Please be advised that SIX Swiss Exchange has set the new **target date** for the **SMR3 Production Migration** weekend to **8/9 December 2012**. The **first trading day** with SMR3 would therefore be on **Monday, 10 December 2012**. Please see the following link: [SIX Swiss Exchange Message](#)

Consequently the going-live date for SIX Exfeed SMF version 9.0 would therefore be Monday, 10 December 2012.

We are committed to complete the migration of SMF version 9.0 with minimum risk and are about to start a consultation process with our data vendors to find out whether the new target date is feasible.

We will give confirmation of the SMR3 and SMF 9.0 Production Migration schedule on 23 November 2012.
