Dear Customer

We would like to inform you that SIX Swiss Exchange will introduce a new segmentation of the bond market as of **Monday, 17th November 2014**. Please find further details in the [SIX Swiss Exchange message no. 44/2014](#).

The impact on the Swiss Market Feed (SMF) is as follows:

- The list of **"Security Type Codes"** (see section 6.4 of the SMF user specs) is extended by 2 new values:

Code	Meaning
CO	Contingent Capital Bond
PB	Swiss Pfandbrief

- A number of bonds which now have security type code "BO" will get one of the new security type codes "CO" or "PB" due to the re-segmentation.
