Dear vendor

As previously announced in the SIX Swiss Exchange [Message 23/2018](#) we would like to remind you about the decommissioning of the [SIX Swiss Exchange Liquidnet Service (SLS)](#).

Trading in Swiss and pan-European Equities without pre-trade transparency at mid-point prices will be decommissioned in the **Production environment** on **15 October 2018**.

The decommissioning of SLS also has a regulatory impact. SIX Swiss Exchange will update the affected documentation, including the **SIX MDDX Interface Specification**, and will publish them on our website.

Yours sincerely
