Action required ⚙

This message concerns:

Markets: ☒ SIX Swiss Exchange ☒ SIX Swiss Exchange - Structured Products

☐ SIX Liquidnet Services ☐

Interfaces: ☒ MDDX ☐ MDI ☐ IMI

Dear vendor

As announced in SIX Exfeed Message No. 14/2018, we would like to take this opportunity to remind you that the hardware infrastructure of SIX MDDX will be upgraded shortly.

From Friday, 17 August 2018 SIX will no longer disseminate SIX MDDX market data via the old IP addresses in the Membertest environment, therefore the switch to the new IP addresses (in Membertest) is **mandatory** for all SIX MDDX data receivers.

SIX MDDX (SoupBin TCP)	Membertest M01 (OLD)	Membertest M01 (NEW)	Access over	Live Date
IP Address	146.109.63.252	**146.109.192.250**	SCAP Datacenter A	20 August 2018
IP Address	146.109.47.251	**146.109.193.249**	SCAP Datacenter B	20 August 2018

Please note, the switch to the new IP addresses for the Production environment will take place at a later date.

If you have any questions related to the changes please contact Local Support Center for technical and SIX Exfeed Customer Support for business support.

Yours sincerely

SIX Exfeed Ltd
