Dear Vendor

Please be informed about the latest amendments to the Index packages in SIX MDDX.

We will introduce a new package "SIX Crypto Indices" as of 3 December 2021. The existing SIX crypto indices will therefore move from package id:22 to the new package id:37. In addition, some crypto indices will be renamed to include "SIX" in the index name.

Please find attached the list of all indices which will be moved alongside their new names.

Package Name	Package id	Package Code	Active Date
SIX Crypto Indices	37	CRYPTOIDX	3 December 2021

Please note that we will automatically assign the new package above to all vendors who have already subscribed to package id:22.
