

SIX Swiss Exchange message no. 59/2012

Subject	SIX Swiss Exchange Liquidnet Service (SLS) temporarily unavailable as of Monday 5 November 2012 until further notice
Category	Trading and Products
Authorised by	Christoph Landis, Head Operations Martin Schönenberger, Head Member Relations
Pages	1
Date	01.11.2012

Important Information 

As previously advised, SIX Swiss Exchange will implement the SWXess Maintenance Release 3 (SMR3) on 5 November 2012.

Unfortunately [Liquidnet](#), our partner in operating the SIX Swiss Exchange Liquidnet Service (SLS), will be unable to deploy this mandatory upgrade, this is due to the disruption to infrastructure in the New York area caused by hurricane «Sandy» that has prevented the Liquidnet deployment team from delivering this mandatory upgrade.

SIX Swiss Exchange and Liquidnet have therefore taken the decision to suspend the operation of SLS temporarily from commencement of trading on Monday, 5 November 2012 until such time as a safe and reliable deployment can be performed.

The other services of SIX Swiss Exchange will not be affected. SIX Swiss Exchange will inform the participants about the recommencement of the SLS once a new deployment date has been agreed.

Please accept our apologies for the inconvenience caused. Our thoughts are with all those affected by the disaster.

If you have any questions, please do not hesitate to contact Equity Product Management:
