Information 

On 9 July 2013, SIX Swiss Exchange published [SIX Swiss Exchange message No. 36/2013](#) to announce the impending index adjustments in conjunction with the regular Index Commission review. This message contains the most important information on the effects of these index basket adjustments.

Following the inclusion of Dufry AG in the SLI<sup>®</sup> Index and the resulting exclusion of Sulzer AG from the SLI<sup>®</sup>, the two securities will be moved to a different trading segment as of 23 September 2013.

Dufry AG will change from the Mid-/Small-Cap segment (market code XSWX) to the Blue Chip segment (market code XVTX). At the same time, Sulzer AG will migrate from the Blue Chip segment (market code XVTX) to the Mid-/Small-Cap segment (market code XSWX).

All good-till-date orders relating to these securities will be deleted from the order books after the close of trading at 17:30 CET on 20 September 2013 (the last trading day before the segment change).

Participants will receive confirmation that their orders have been deleted in the form of an Execution Report message (OrdStatus "Canceled" and text "0: delisted") via the Standard Trading Interface (STI). We ask our participants to kindly enter the corresponding orders into the new order books by the start of trading on 23 September 2013 (the first trading day after the segment change).
