Information 

As an incentive to increase trading and listing activity on SIX Structured Products, issuers of structured products will be credited with 10 free listings in 2014 and 2015 as part of a time limited promotion. New issuers who join in the course of the year will also benefit from this basic package.

The basic package will automatically apply for all existing issuers starting on 1 July 2014 and on renewal on 1 January 2015. The 10 free listings will be valid until the end of the respective year – any unused listings will expire without compensation.

If an issuer has already paid for a listing package, the package that expires earlier will be prioritized.

Further information on listing fees can be found in the List of Charges: http://www.six-exchange-regulation.com/admission_manual/10_01-LOC/en/

As a further incentive to boost activity on SIX Structured Products, the cap on the ad valorem fee will be reduced from CHF 150.00 to CHF 100.00 from 4 August 2014. Directive No. 7 "Charges and Costs" of SIX Structured Products Exchange Ltd will be amended accordingly as of this date (see: <http://www.six-structured-products.com/en/about-us/exchange-trading/trading-rules>).
