In the [SIX Swiss Exchange message No. 62/2019](#), SIX announced the optional SWXess Maintenance Release 8.2 (SMR8.2), which mainly contains enhancements and optimizations for on-exchange trading.

This message from SIX and the published “[SMR8.2 Participant Readiness](#)” brochure are to inform participants in detail about the business-related changes in SMR8.2.

Participant Readiness

Please find all the business-related information regarding SMR8.2 that is currently available in the “[SMR8.2 Participant Readiness](#)” brochure, which is being published together with this message. The brochure contains information about the functional changes and regulatory impact of SMR8.2 as well as details concerning the migration, testing phase and rollout. It also includes references to other documents that are relevant for SMR8.2.

The brochure “[SMR8.2 Participant Readiness](#)” will be updated and published again prior to the start of the Membertest phase. New versions of the brochure will be announced by means of a SIX Swiss Exchange message.

More information on SWXess Maintenance Release 8.2 (SMR8.2) can be found on the [SWXess Maintenance Release \(SMR\)](#) web page. The adjusted specifications of affected SWXess interfaces and further technical information can be found in the “Release Notes for SMR8.2” in the [Member Section](#) of SIX Swiss Exchange.

SIX Swiss Exchange continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants can benefit from the improvements of SMR8.2, which will ensure continued efficiency in trading on the exchange.
