Content of this message:

- Confirmation of introduction of SMR10.1 in the Membertest environment on 11 April 2022
- Introduction of SMR10.1 in the Production environment planned on 23 May 2022
- Publication of updated “SMR10.1 Release Guide” brochure

In the [SIX Swiss Exchange message no. 01/2022](#), SIX Swiss Exchange AG announced the publication of the SMR10.1 Release Guide for the SWXess Maintenance Release 10.1 (SMR10.1). The release introduces in particular new **mandatory** adjustments to the OTI trading interface and to the IMI market data interface.

This message provides detailed information on the migration and test phase of SMR10.1 and confirms the start of the Membertest phase.

Release Guide

Please find all of the business-related and technical information regarding SMR10.1 in the **updated** [“SMR10.1 Release Guide”](#), which is being published together with this message. The brochure contains information about the functional changes of SMR10.1 as well as details concerning the migration, Membertest phase and rollout. It also contains references to other documents that are relevant for SMR10.1.

Rollout

The Membertest phase for SMR10.1 will begin as scheduled on **Monday, 11 April 2022**. During this phase, all participants will be able to test their business-relevant processes, functionalities and applications.

Further important dates regarding SMR10.1 can be found in section 3 of the [“SMR10.1 Release Guide”](#).

SIX Swiss Exchange AG continuously strives to expand and improve its range of services and products, as well as its SWXess trading platform. Our participants can benefit from the improvements of SMR10.1, which will ensure continued efficiency in trading on the exchange.
