The Swiss Stock Exchange herewith informs its participants of the **amendment to the counterparty disclosure in the trading segment “Mid-/Small-Cap Shares”** for the Central Limit Order Book (CLOB) **as of 12 September 2022**.

### Amendment Counterparty Disclosure

Currently Central Limit Order Book (CLOB) trades in the trading segment “Mid-/Small-Cap Shares”, which are cleared and settled via a central counterparty, disclose the counterparty, whereas SwissAtMid and Swiss EBBO trades remain anonymous. For trades in the regulatory standard for Special Purpose Acquisition Companies (SPACs) which are not cleared and settled via a central counterparty, the counterparty will continue to be disclosed.

As of **12 September 2022**, SIX Swiss Exchange AG will harmonise the handling for counterparty disclosure in the trading segment Mid-/Small-Cap Shares to be in line with the other Swiss equity segments as follows:

Trading Parameter	Trading Segment	Current behaviour	New behaviour
Clearing and Settlement	Mid-/Small-Cap Shares	The counterparty shall be disclosed for trades in the Central Limit Order Book (CLOB). The counterparty shall remain anonymous for trades in SwissAtMid and Swiss EBBO.	<b>The counterparty shall remain anonymous.</b>

The amendment to the counterparty disclosure in the trading segment “Mid-/Small-Cap Shares” for the CLOB will be applicable in the Membertest and Production environments at the same time.
