5.0 Regulations with regard to the NCM

5.1 Relationship of X-CLEAR with the NCM

A Trading Platform member shall not be obliged to become a Member of X-CLEAR. It may, however, enter into a GCM/NCM Agreement with a GCM and be given the status of an NCM (Non-Clearing Member).

An NCM participates in the Clearing of the Trading Platform Transactions it has concluded within the framework of the regulations and conditions of the GCM/NCM Agreement (pursuant to clause 5.2) via the GCM it has specified. Within the ongoing Clearing process, the NCM thus has no direct contractual relationship with X-CLEAR and X-CLEAR shall accept no direct responsibility vis-à-vis the NCM for losses or claims of any kind. The GCM acts towards X-CLEAR as principal, in particular with regard to the provision of Collateral.

This shall be clearly defined in the GCM/NCM Agreement and shall be accepted by the NCM – unless the NCM, as an option with respect to the possible Default of the GCM, applies for its own (subsidiary) Membership (pursuant to clause 20.1.3 lit. b).

5.2 Relationship of the GCM to the NCM

Within the ongoing clearing process, the GCM acts towards X-CLEAR as principal and not as an agent on behalf and for the account of the NCM.

In relation to the selection of account segregation pursuant to clause 13.0 and the selection and issuance of orders pursuant to clauses 20.1.3 and 20.1.4 (with respect to the possible Default of the GCM), the GCM acts towards X-CLEAR as an agent on behalf and for the account of the NCM on the basis of the authorisation granted to it by the NCM in the GCM/NCM Agreement.

The GCM shall conclude a **GCM/NCM Agreement** with each NCM linked to it. The GCM shall ensure that each GCM/NCM Agreement into which it enters with an NCM correctly contains all of the elements listed in Annex 2 to this Rulebook and shall give them due consideration. In particular, the GCM/NCM Agreement shall govern the authorisation of the GCM as the agent of the NCM with regard to

- a. the selection of account segregation (pursuant to chapter 13.0); and
- b. the selection of the option to be carried out in the event of the possible Default of the GCM (pursuant to clause 20.1.3). For this purpose the GCM shall submit to X-CLEAR the form that has been co-signed by the NCM (pursuant to the schedule to the GCM/NCM Agreement in Annex 2).

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

In the case of individual client account segregation (pursuant to chapter 13.0), the GCM shall request from the NCM at least the same level of Margins (equivalent values) as the GCM based on the Contractual Relationship is required to provide to the X-CLEAR Collateral Accounts for the net obligations of the NCM ("pass-through principle").

5.3 Contractual obligations of the GCM vis-à-vis X-CLEAR

The GCM shall submit to X-CLEAR a copy of the authorisation(s) pursuant to clause 5.2 and Annex 2 and inform X-CLEAR immediately of any revocation thereof. X-CLEAR has the right to at any time request information on the current status of the Member's GCM/NCM Agreement currently in force.

In the case of individual client account segregation,

- a. the GCM shall inform X-CLEAR of the names, addresses and contact details of the NCMs linked to it. X-CLEAR shall be notified of any new NCMs, changes or departing NCMs in advance, and in any event 10 Business Days at the latest before these become effective, using the "Clearing and Settlement Standing Instructions (CSSI)" form. The GCM shall also notify X-CLEAR of any changes to a GCM/NCM Agreement which are essential for Clearing Services by X-CLEAR.
- b. the GCM shall issue to X-CLEAR the order that the Margin requirement needed for each NCM be calculated separately and agrees that this will be charged to it.

6.0 Conditions for Clearing Services

6.1 Trading Platform Products and Trading Platforms

X-CLEAR shall provide Clearing Services in accordance with the Contractual Relationship only in respect of those Trading Platform Products that are designated as eligible for clearing pursuant to clause 8.1 and only in respect of those Single Contracts resulting from Trading Platform Transactions to which it becomes a party.

X-CLEAR may, from time to time, at its reasonable discretion suspend Clearing Services in relation to one or more Trading Platforms for all Members for such period of time as it may determine or terminate these services with the relevant Trading Platform in accordance with the Clearing Services Agreement.

Rulebook (English Law)

8.2 General regarding formation of Single Contracts

Clearing by X-CLEAR is based on the conclusion of Single Contracts with Members which are participating in the relevant Trading Platform Transaction, or with the participating Co-CCP – in particular:

- a. a Single Contract between X-CLEAR and the Selling Member, under which X-CLEAR assumes the role of the buyer of the Trading Platform Product which is the subject of the Trading Platform Transaction; and
- b. a Single Contract between X-CLEAR and the Selling Member, under which X-CLEAR assumes the role of the seller of the Trading Platform Product which is the subject of the Trading Platform Transaction.
- c. If one of the parties to the Trading Platform Transaction is not a Member of X-CLEAR, but this party is a member of a Co-CCP, the Single Contract is concluded with this Co-CCP (based on the provisions of the Link Agreement with this Co-CCP).

8.3 Open Offer or Novation by X-CLEAR

Subject to chapters 6.0 and 10.0, and in an instance where both trading parties that are party to a Trading Platform Transaction are either GCMs, ICMs or NCMs, Single Contracts are formed for a Trading Platform Transaction agreed on a Trading Platform between X-CLEAR and the relevant Member via one of the two methods set out below:

- a. X-CLEAR makes an “**Open Offer**” to each Member participating in the trade to conclude a Single Contract. This offer is accepted immediately by the Members for each Trading Party Transaction; or
- b. X-CLEAR becomes involved as a new party in each Trading Platform Transaction, whereby the agreed trade contract between the original parties is rescinded and X-CLEAR concludes new Single Contracts with the Members concerned, which are identical to the respective Trading Platform Transaction (“**Novation**”).

8.4 Trading days

The trading days relevant for the Trading Platform Market are determined by the Trading Platform.

9.0 Terms of Single Contracts

9.1 Applicable Law and primacy of Contractual Relationship

All Single Contracts are subject to English law and are to be interpreted in agreement with it.

Each Single Contract is subject to the Contractual Relationship, which forms an integral part of the terms of the Single Contracts and is integrated into it by means of a reference. In the event of any contradiction between the terms of the Single Contract and the Contractual Relationship, the latter shall take precedence.

9.2 Validity of the terms of the Single Contract

The terms of the Single Contract constitute the sole agreements between X-CLEAR, the Member and the Registered Client with respect to the Single Contract. They replace all previous arrangements, conventions and agreements between them with regard to the contractual content of the Single Contract. The Member represents and warrants to X-CLEAR that in concluding each Single Contract, it shall not rely on any statement, representation, assurance or warranty made by X-CLEAR or another Person unless this is expressly set out in the terms of the Single Contract and/or Contractual Relationship.

The Member and the Registered Client each individually, agrees that the only rights and remedies available to it arising out of or in connection with a Single Contract or their subject matter shall be solely in contract (and not in tort or otherwise), in accordance with the contract terms.

9.3 Intervention by Governmental Authorities

Where X-CLEAR is required or requested by a Governmental Authority to vary or suspend performance of a Single Contract or an Inter-CCP Contract (if applicable) at any time, it shall notify the Member and take such action as is required of it as soon as reasonably practicable. The Member acknowledges and agrees that any affected Single Contract shall be suspended or varied accordingly.

9.4 Acting as principal

Each Member that is party to a Single Contract shall act in its own name and for its own account, i.e. as the principal and not as an agent.

In performing its obligations and exercising its rights under the Contractual Relationship, X-CLEAR shall treat the entitlement to rights of the Member pursuant to Single

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

Contracts to be a full legal and beneficial entitlement, and not subject to any Encumbrance in favour of any Person other than X-CLEAR.

9.5 Third parties

The liabilities and obligations of X-CLEAR pursuant to Single Contracts extend only to and are enforceable only by the Member. A Person who is not a party to a Single Contract shall have no rights under or in respect of such Single Contract. Rights of third parties to enforce any term of any Single Contract are expressly excluded.

9.6 Liabilities and obligations of X-CLEAR

X-CLEAR shall have no liability or obligation in relation to any Trading Platform Transaction unless and until a Single Contract arises in accordance with this Rulebook and such Single Contract is not rendered void or suspended, at which point X-CLEAR's liabilities and obligations in respect of the Trading Platform Transaction shall be as determined under the Single Contract. X-CLEAR's obligations and liabilities under any Single Contract shall be limited to those arising pursuant to the Contractual Relationship, and are subject to X-CLEAR's right to avoid a voidable Single Contract.

9.7 Risks, rights and obligations of the Member

Under each Single Contract to which a Buying Member or a Co-CCP (if applicable and as buyer) is a party to the benefits, risks, rights and obligations associated with the Trading Platform Product that is the subject of the Single Contract shall pass to the Buying Member (or the Co-CCP in the capacity of buyer) at the moment that the Single Contract is formed in accordance with this Rulebook.

Where, in respect of a Trading Platform Product, there is an entitlement to receive interest, dividends and any other distributions, such rights shall also form part of the Single Contract, provided that the Single Contract is formed before such Entitlement has expired. Where the Single Contract is formed on or after the expiry of an Entitlement, the Entitlement shall not form part of the Single Contract. Where income earned by the Buying Member (or the Co-CCP, if applicable and as buyer) accrues to the Selling Member (or the Co-CCP, if applicable and as seller) as a result of late delivery of the Trading Platform Product, it shall be a term of the Single Contract that the Selling Member (or the Co-CCP, if applicable and as seller) is subject to an obligation to transfer the value accruing under the Entitlement to the Buying Member (or the Co-CCP, if applicable and as buyer).

9.8 Representations and warranties of Member

In relation to each Single Contract, the Member makes the following representations and warranties as at the formation of each Single Contract and also on a continuing basis throughout the duration of such Single Contract, that:

- a. the data submitted by it to the Trading Platform is complete and correct in all respects, noting that no representation or warranty is made as to the operational aspects related to Transaction Routing;
- b. the Trading Platform Rules and all Applicable Laws have been complied with in respect of the corresponding Trading Platform Transaction;
- c. it is acting as principal and not as agent;
- d. except as permitted by the Trading Platform Rules, the Single Contract and the corresponding Trading Platform Transaction are free of all Encumbrances;
- e. neither the execution nor performance of the Single Contract by or on behalf of the Member or X-CLEAR will breach any provision of the constitutional or other organisational document of the Member, or with any agreement or Applicable Law which is binding upon or affects the Member (and in this respect, the Member further acknowledges that X-CLEAR will neither review nor be responsible for reviewing any provision of the Member's constitutional or other organisational document, any agreement into which the Member has entered or which affects it or any Applicable Law which is binding upon or affects the Member with a view to determining the authority or ability of the Member to enter into or perform any Single Contract);
- f. the Member has full power and all necessary authority to enter into the Single Contract and perform any act that may be required pursuant to the Single Contract and pursuant to the Contractual Relationship in respect of the Single Contract; and
- g. a GCM-NCM agreement is in place (if the Member is a GCM) with an NCM in respect of whom it acts as a Member in relation to any Single Contract. This GCM/NCM Agreement is satisfying the requirements of Annex 2; in particular the NCM agrees that it has no direct contractual relationship to X-CLEAR.

For the avoidance of doubt, unless expressly stipulated otherwise in clause 16.2, X-CLEAR shall not incur any liability as a result of losses or damages sustained by the Member (or the Registered Client, if applicable) resulting from any of the measures in accordance with this clause 10.2.

make a Dedicated Capital Contribution for the entire amount (totalling at least 25% of its required capital) only once in a period of 1 month following any Member Default which necessitated the use of such contribution ("Cooling-off Period of X-CLEAR"). After any use of the Dedicated Capital Contribution, X-CLEAR shall reinstate its own reserves (part of capital of X-CLEAR) to the extent as required by the Swiss Applicable Laws within the period of time determined by FINMA/SNB.

Clarification: For the Cooling-off Period caused by a Member Default (pursuant to clause 12.1) and the Cooling-off Period caused by an Other Loss Event (pursuant to clause 12.2 below), separate accrual accounts are maintained in each case. The Dedicated Capital Contribution (pursuant to clause 12.1) and the NDL Own Contribution (pursuant to clause 12.2) are, however, financed via the same reserves of X-CLEAR.

In case of use of only a portion of the Dedicated Capital Contribution (being a fraction of the 25 per cent of X-CLEAR's capital), the Cooling-off Period of X-CLEAR shall also apply to that portion only. Any losses arising within the Cooling-off Period which are exceeding any residual Dedicated Capital Contribution shall be absorbed by the "Layers of Collateral" items d. to f. of clause 11.6 (above).

12.2 X-CLEAR's Own Contribution in the event of a Non Default Loss (NDL)

In the event of an Other Loss Event, X-CLEAR will, before using the Non-Default Loss Allocation of the Members, for each event provide an own contribution to cover a loss caused by an Other Loss Event.

The NDL Own Contribution is calculated as a percentage of the required capital, where the latter is assessed pursuant to the provisions of the Swiss Financial Market Infrastructure Ordinance (FMIO) and the Swiss Capital Adequacy Ordinance, and is published on the website of SIX > Clearing > Profile in the last Annual Report.

X-CLEAR fixes the NDL Own Contribution at a minimum of 25% of the required capital. This Own Contribution is calculated in the same way as for a Member Default (clause 12.1).

X-CLEAR shall make the NDL Own Contribution for the entire amount only once in a period of 1 month following the Other Loss Event which necessitated the use of such contribution ("Cooling-off Period of X-CLEAR"). After any use of the NDL Own Contribution, X-CLEAR shall reinstate its own reserves (part of capital of X-CLEAR) to the extent as required by the Swiss Applicable Laws within the period of time determined by FINMA/SNB.

Clarification: For the Cooling-off Period caused by a Member Default (pursuant to clause 12.1) and the Cooling-off Period caused by an Other Loss Event (pursuant to

clause 12.2 below), separate accrual accounts are maintained in each case. The Dedicated Capital Contribution (pursuant to clause 12.1) and the NDL Own Contribution (pursuant to clause 12.2) are, however, financed via the same reserves of X-CLEAR.

If only a portion of the NDL Own Contribution is used, the Cooling-off Period of X-CLEAR shall also apply to that portion only. Any losses occurring within the Cooling-off Period which are exceeding any residual NDL Own Contribution shall be absorbed by the Members (pursuant to the Financial Collateral Agreement).

13.0 Account structure

The Member shall have at its disposal the structures more specifically defined in the Operational Manual with respect to its **House Accounts** (or “own accounts”) and its **Client Accounts** (or “matched principal accounts”). The latter are to be segregated from all other accounts as individual client and omnibus client accounts. The Member shall select the structure that best suits its accounts and custody accounts for claims and liabilities from Outstanding Contracts as well as for depositing Permissible Collateral (Collateral Accounts) and that is in accordance with its Applicable Law. Collateral Accounts shall be held by the Member at the Account Operator.

For Clearing Services by X-CLEAR carried out by the Member as a GCM for NCMs linked to it, the latter shall be granted a mandatory right in the GCM/NCM Agreement (pursuant to clause 5.2 and Annex 2) to select in favour or against **individual client account segregation**. After this choice has been made, the Member is responsible for implementing it in consultation with X-CLEAR.

14.0 Finality

14.1 Legal basis

The Member acknowledges that X-CLEAR performs its function in accordance with the Contractual Relationship and as a Central Counterparty and as a payment and settlement system within the meaning of EU Directive 98/26/EC on settlement finality in payment and securities settlement systems (“Finality Directive”) and the UK Financial Markets and Insolvency (Settlement Finality) Regulations 1999.

14.2 System

The **payment and processing system of X-CLEAR (the “System”)** comprises the rules, regulations and arrangements set out in relation the Clearing of Trading Platform Transactions, in particular in the Contract for Clearing Services (English Law), the Rulebook (English Law), the Financial Collateral Agreement and the Link Agreements, which:

- b. in relation to the Clearing of Trading Platform Transactions on Trading Platforms, facilitate the provision to a Member or a Co-CCP by X-CLEAR (or SIX SIS on X-CLEAR's behalf) of funds for the purposes of returning excess cash Margin from time to time and, in connection therewith, facilitate the debiting of the account held by X-CLEAR at Cash Service Providers;
- c. facilitate X-CLEAR's role as Central Counterparty in connection with Clearing Services and, in relation thereto, facilitate the entering into of Single Contracts and Inter-CCP Contracts (as applicable) between X-CLEAR and each of the following parties:

 - Co-CCPs,
 - Back-up GCMs, in respect of the porting of Members' Single Contracts with regard to individually- and omnibus-segregated Trading Platform Transactions of an NCM or group of NCMs, respectively.

14.3 Principles

To achieve system protection, the following principles apply:

- a. A Trading Platform Transaction is sent into the Clearing System of X-CLEAR and is then irrevocable from the time at which the trading data relating to this Trading Platform Transaction has been entered in the system at X-CLEAR by a provider of Transaction Routing or in any other way.
- b. The provision of Permissible Collateral is sent into the Clearing System of X-CLEAR and is then irrevocable from the time at which the Securities and/or payment has been transferred, i.e. from when the corresponding credit has been booked into the Collateral Account of X-CLEAR.
- c. With regard to the settlement of payments or Securities in relation to Trading Platform Transactions, the rules of the Approved Settlement System being used shall apply.

Rulebook (English Law)

14.4 Transfer Orders entering the System

- a. A Securities Transfer Order enters the System upon:
- the receipt by X-CLEAR from the provider of Transaction Routing of trade data relating to a Trading Platform Transaction in the form of a Securities Transfer Instruction;
 - Single Contracts being transferred pursuant to clauses 20.1.3 and/or 20.1.4 of the Rulebook.
- b. A Securities Transfer Order shall apply and have effect between (i) X-CLEAR and the Member who are parties to the Single Contract corresponding to the Securities Transfer Order and, where applicable, (ii) X-CLEAR and a Co-CCP who are parties to the Inter-CCP Contract corresponding to the Securities Transfer Order.
- c. A Payment Transfer Order enters the System at the moment that X-CLEAR sends an instruction to the relevant Payment Bank by way of a Payment Instruction requiring that Payment Bank either (i) to debit an account held by a Member or Co-CCP at that Payment Bank and make a corresponding credit of such debited amount to the account of X-CLEAR (or SIX SIS on X-CLEAR's behalf) held at that Payment Bank or (ii) to debit X-CLEAR's account (or SIX SIS's account held on X-CLEAR's behalf) at that Payment Bank and make a corresponding credit of such debited amount to the Member's or Co-CCP's account held at that Payment Bank.
- d. A Payment Transfer Order shall have effect between the Member, a Co-CCP, and the Payment Bank at which the Member or Co-CCP is maintaining a Cash Account, and X-CLEAR.

14.5 Irrevocability of payments and transfers

The status of a payment / transfer shall not be affected by any application of netting, set-off, or closing out of any Single Contracts or Inter-CCP Contracts to which the Transfer Order relates, in particular with regard to its effect, legal obligation and irrevocability.

14.5.1 Irrevocability of Securities Transfer Orders

- a. A Securities Transfer Order shall be revocable during the period prior to the end of the Business Day following the trade date of the Transaction by way of:
- the Single Contract being either void under clause 10.1 or rendered void with immediate effect under clause 10.2; or

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- the Inter-CCP Contract being either void or rendered void with immediate effect under any similar ground under the Link Agreement.
- b. Thereafter a Securities Transfer Order shall be irrevocable and may not be revoked by either X-CLEAR or a Member or a Co-CCP.
- c. A Securities Transfer Order shall also be irrevocable immediately following the completion of the porting of Single Contracts pursuant to clauses 20.1.3 or 20.1.4, provided that the Securities Transfer Order shall be revocable if and for as long as the original Securities Transfer Order (before the porting process) would have been revocable.

14.5.2 Irrevocability of Payment Transfer Orders

A Payment Transfer Order shall be irrevocable at the moment that the Payment Bank debits the account of the Member or Co-CCP, or debits the account of X-CLEAR (or SIX SIS on X-CLEAR's behalf). Thereafter, neither X-CLEAR, nor a Member, nor a Co-CCP nor a Payment Bank shall be able to revoke that Payment Transfer Order.

14.6 Termination of Transfer Orders

Each Securities Transfer Order shall terminate immediately and automatically once Settlement has occurred within the Approved Settlement System.

Each Payment Transfer Order shall terminate immediately and automatically upon all payments required pursuant to the Payment Transfer Order being received in cleared funds or full satisfaction of the relevant underlying obligations is otherwise made, in either case not subject to any Encumbrances.

14.7 Provision of Information

X-CLEAR and each Participant shall provide, upon payment of a reasonable charge, the following information to any person who requests it (save where the request is frivolous or vexatious) within fourteen days of a request being made:

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

Each Participant shall provide X-CLEAR on demand with such information as X-CLEAR may reasonably require for the purposes of X-CLEAR meeting its obligations as operator of the System (being a system designated pursuant to the Financial Markets and Insolvency (Settlement Finality) Regulations 1999) including the obligation to cooperate by the sharing of information or otherwise (subject to Applicable Laws) with the Bank of England, any relevant office-holder, and any authority, body or person having responsibility for any matter arising out of, or connected with, the default of a Participant.

14.8 Notification of certain events

- a. Each Participant must notify each of X-CLEAR and the Bank of England in writing forthwith, providing full particulars known to it, of any of the following events affecting it:
 - the passing of a creditors' voluntary winding up resolution (and for this purpose "creditors' voluntary winding up resolution" means a resolution for voluntary winding up (within the meaning of the Insolvency Act 1986 or the Insolvency (Northern Ireland) Order 1989) where the winding up is a creditors' winding up (within the meaning of the Insolvency Act 1986 or the Insolvency (Northern Ireland) Order 1989); or

15.0 Settlement

Trading Platform Transactions subject to clearing by X-CLEAR will be settled on the basis of the Applicable Laws, rules and market practices prevailing in the market of the relevant Security. Each Member must have appropriate settlement arrangements in place to enable settlement to take place in accordance with these terms and as set forth in the Operational Manual. Members shall notify X-CLEAR of their settlement arrangements for different countries and markets.

Special provisions apply with regard to the settlement of securities delivered late, i.e. after the Intended Settlement Date (ISD).

16.0 Liability

16.1 Validity and general interpretation rule

The provisions of this chapter 16.0 shall apply:

- a. without prejudice to the liability of another person subject to the Contractual Relationship or the Trading Platform Rules;
- b. in the event of a contradiction with another provision of the Contractual Relationship with priority over the other provision;
- c. irrespective of whether the persons acting on behalf and for the account of the Member (as an agent) are subject to the Contractual Relationship.

The Contractual Relationship and in particular the following provisions on liability shall at all times be observed, interpreted and given effect in the manner most conducive to the promotion and maintenance of:

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- a. the status of X-CLEAR as a Financial Market Infrastructure regulated by FINMA and supervised by the SNB;
- b. the recognition of X-CLEAR as a Recognised Overseas Clearing House by the Bank of England;
- c. X-CLEAR's and Members' good reputation, high standards of integrity and fair dealing.

16.2 Liability of X-CLEAR

X-CLEAR shall be liable to the Member for any wilful or gross negligence (including by its representatives) as well as for culpable injuries to life, limb or health under the statutory provisions.

X-CLEAR shall also be liable for any negligent breaches of fundamental contractual obligations, i.e. those obligations the Member can confidently and regularly expect to be met in order to fulfil the contract, but in this case, strictly limited to foreseeable losses that could typically arise.

X-CLEAR assumes no liability for any other losses or claims, including, without limitation, in relation to indirect or consequential losses, loss of bargain, lost profits or loss of earnings, unrealised savings or additional expense incurred.

In particular, X-CLEAR shall not be liable for any losses arising from the relevant Approved Settlement System, Settlement Agent or Settlement Bank failing to meet the standards relating to communication, authentication and data security set out in the Contractual Relationship.

In particular, X-CLEAR assumes no liability for any charges or any other negative consequences arising in conjunction with Clearing through X-CLEAR that are a result of tax laws or ordinances issued by tax authorities pursuant to the Applicable Law. With regard to tax issues, X-CLEAR only provides the services related to the provision of Permissible Collateral stipulated in this Rulebook, for which X-CLEAR is liable in accordance with this chapter 16.0.

16.3 Reliability of data and information

X-CLEAR shall be entitled to definitively, and without further clarification as to accuracy and authenticity, rely on all the data and information it receives regarding Trading Platform Transactions, Single Contracts or Inter-CCP Contracts that X-CLEAR receives from or on behalf of the operator of the Trading Platform, a provider of Transaction Routing (if applicable), an Approved Settlement System, a Co-CCP (if applicable) or the

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

Member, irrespective of whether the Member or an NCM has authorised the submission of such information or details, unless X-CLEAR acknowledges the inaccuracies or lack of authenticity or this is plainly obvious.

16.4 Responsibility of Member

The Member shall bear sole responsibility for the completeness, accuracy and authenticity of information and data transmitted to X-CLEAR in relation to a Trading Platform Transaction to which the Member is a party (save in relation to a Trading Platform Transaction where an NCM, in relation to which the Member has entered into a GCM-NCM Agreement, is a party), This responsibility extend to instances where X-CLEAR does not receive such information or data directly from the Member, but from the Trading Platform, the NCM, a Co-CCP (if applicable), the provider of Transaction Routing, the paying agent, the Approved Settlement System, the providers of messaging services, networks or other technical infrastructure (e.g. networks).

In the above-mentioned case, authenticity means the fact that the information and data relating to a Trading Platform Transaction was obtained from a source recognised by X-CLEAR.

Furthermore it shall be made clear that:

- a. X-CLEAR shall not be responsible for the information provided to it in respect of a Trading Platform Transaction and the Member shall bear any losses arising as a result of information submitted to X-CLEAR in relation to a Trading Platform Transaction that is illegible or cannot be read correctly, as well as losses caused by forged or incorrect information; and
- b. the Member shall not be responsible for the operational aspects related to Transaction Routing.

16.5 Arrangements with Affiliates of X-CLEAR

X-CLEAR may, from time to time, enter into certain arrangements with an Affiliate of X-CLEAR under which such Affiliate provides certain services to X-CLEAR or which otherwise facilitates X-CLEAR's performance of its obligations under the Contractual Relationship or in any other way (outsourcing).

Subject to clause 16.2 and to any other agreement between the Affiliate of X-CLEAR and the Member, no such Affiliate shall have any non-contractual obligations towards any Member (in particular, a duty of care) in relation to the operation of such arrangements. Neither shall a Member have any right to take any action against any such Affiliate (or any person for whom any such Affiliate is vicariously liable) for damages,

Rulebook (English Law)

compensation, payment or remedy of any other nature on any ground whatsoever in respect of any acts or omissions or events which occur as a result of such arrangements. The Member further shall have no other rights against such Affiliate in connection with the operation of such arrangements.

16.6 Limitation of liability of X-CLEAR

Subject to clause 16.2 and the standard of care pursuant to clause 16.1, X-CLEAR shall not be liable for any losses, damages, injuries, delays, costs or expenses incurred or suffered by a Member or Person arising out of or in connection with the following non-exhaustive grounds:

- a. any suspension, restriction or closure of X-CLEAR or its services;
- b. measures, orders or decrees issued by a Governmental Authority in relation to a Member, an NCM, Trading Platform, a Co-CCP (if any), the provider of Transaction Routing, the Approved Settlement System or a third party;
- c. any act or omission of the Trading Platform (including, without limitation, suspension or restriction of services by the Trading Platform), a Co-CCP (if applicable), the provider of Transaction Routing, the Approved Settlement System, any other Member, an NCM, or any other third party such as providers of messaging services, networks or other technical infrastructure necessary or appropriate for X-CLEAR's provision of Clearing Services;
- d. any failure by the Member to put in place and maintain appropriate settlement arrangements to enable Settlement to take place in accordance with the Contractual Relationship, including, but not limited to, failure by the Member or its settlement agent to meet the functional requirements, time deadlines or other requirements of an Approved Settlement System;
- e. except in relation to any provider of outsourced services appointed by X-CLEAR in accordance with clause 22.4.5, any act or omission of a third party providing any services or functionality in relation to Settlement, including, but not limited to, any settlement agents appointed by X-CLEAR or by the Member (save that X-CLEAR shall, when appointing settlement agents to act on its behalf and where such appointment has been made by the exercise of reasonable discretion by X-CLEAR, exercise due care in selecting, instructing and monitoring such agents);
- f. any Event of Force Majeure affecting X-CLEAR, its provision of Clearing Services or any other of its services;
- g. any Dispute relating to the validity, existence or terms of any Single Contract;

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- h. the exercise (or failure to exercise) by X-CLEAR of any discretion or right conferred upon it pursuant to the Contractual Relationship;
- i. the exercise (or failure to exercise) by a Member, an NCM, the Trading Platform, a Co-CCP (if applicable), the provider of Transaction Routing, the Approved Settlement System of any discretion or right conferred upon it pursuant to the Trading Platform Rules (including, without limitation, in relation to erroneous trades);
- j. any action in defamation in connection with the issue of any Default Notice, conduct of any proceedings relating to Default, rejection of any application to become a Member or otherwise for exercise of any of its discretions or rights hereunder;
- k. any Single Contract being void or avoided, the corresponding Single Contract representing the opposite leg of the Trading Platform Transaction being cancelled pursuant to the Contractual Relationship, the corresponding Trading Platform Transaction being cancelled pursuant to the Trading Platform Rules or the corresponding Inter-CCP Contract (if applicable) being cancelled pursuant to a Link Agreement; and
- l. any implied warranties or representations in relation to X-CLEAR's systems.

16.7 Liability of Second Member

If X-CLEAR is found liable to a Member in respect of a Single Contract, but another Member (the "Second Member") is found liable to X-CLEAR in respect of a Single Contract which arose pursuant to the same Trading Platform Transaction corresponding to the first Single Contract, then the liability of X-CLEAR under the first Single Contract shall be deemed to be a foreseeable consequence of the breach by the Second Member of the second Single Contract and X-CLEAR shall be entitled to be indemnified by the Second Member in accordance with chapter 17.0.

16.8 Delayed performance by X-CLEAR

Where an obligation of X-CLEAR must be performed immediately, promptly or by or prior to a specified time or date but performance does not occur at that time or on that date, X-CLEAR shall not be in breach of the Contractual Relationship if X-CLEAR is not responsible for the delay, has exercised all reasonable endeavours to perform the obligation as agreed and it performs the relevant obligation when it is able to after such specified time or date.

Rulebook (English Law)

17.0 Indemnity

17.1 Indemnity of Member

The Member shall indemnify and hold harmless X-CLEAR and its officers and employees against any and all losses, liabilities, damages, injuries, delays, costs and expenses incurred or suffered by any of them arising out of, or in connection with a breach by the Member of any of its obligations under the Contractual Relationship or a breach by the Member of any Applicable Laws.

Clarification: In this respect, a Member is equally responsible for the conduct of its representatives as it is for its own conduct. However, notwithstanding the attribution of such conduct to the Member, this clause 17.1 does not affect any loss or liability which the representative responsible for such conduct may also suffer or incur under any Applicable Laws.

17.2 Assumption of responsibility in procedures

X-CLEAR shall notify the Member promptly in writing as soon as it becomes aware of any action, proceeding, suit, arbitration, Dispute, claim, demand, inquiry, investigation or hearing to which clause 17.1 may apply.

Subject to the Member's written consent, X-CLEAR shall assign to the Member sole responsibility for the conduct of any litigation in connection with such claims or legal action, or the conduct of any settlement negotiations or other Dispute resolution procedures, at the Member's own discretion and at its own expense. X-CLEAR shall not be entitled to fulfil any demand, grant any concession or reach a settlement without the Member's prior written consent, such consent not to be unreasonably withheld; and X-CLEAR shall provide the Member with all information and, at the Member's expense, with such support as is reasonably required.

18.0 Market disorder

18.1 Measures

The Member acknowledges that, in accordance with the Trading Platform Rules, the operator of the Trading Platform may:

- a. exercise certain rights in respect of the non-performance or Default of a Trading Platform member;

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- b. in certain circumstances, cancel a Trading Platform Transaction (pursuant to a request or otherwise), "contra" in respect of a Trading Platform Transaction or suspend or halt trading in specific Trading Platform Products; and
- c. X-CLEAR and the Member shall, in such circumstances, be bound by such measures.

If the operator of the Trading Platform determines in accordance with the Trading Platform Rules that an excessive position or unwarranted speculation or any other undesirable situation or practice is developing or has developed which is affecting or capable of affecting the Trading Platform Market, X-CLEAR may at its discretion take such action as is requested of it by the operator of the Trading Platform in respect of one or more outstanding Single Contracts in a Member's name as may be provided for by the Trading Platform Rules or as may be agreed between the operator of the Trading Platform and X-CLEAR.

18.2 General rule in case of Event of Force Majeure

Neither X-CLEAR nor the Member (in the relevant case, an "Affected Party") shall be liable for any failure or delay in performing any of its obligations under or pursuant to the Contractual Relationship to the extent that such failure or delay is due to an Event of Force Majeure and it shall be entitled to a reasonable extension of the time for performing such obligations as a result of such Event of Force Majeure.

18.3 Consequences of Event of Force Majeure

On the occurrence of an Event of Force Majeure:

- a. the Affected Party, if it is a Member, shall immediately notify X-CLEAR of the same (or, if the Affected Party is X-CLEAR, it shall issue a circular to the Member that is affected) and the Affected Party shall exercise reasonable endeavours to resume performance of any of its obligations affected by the Event of Force Majeure;
- b. X-CLEAR shall be entitled to require the Member to take such action pursuant to clause 18.1 and clause 18.2 above as X-CLEAR may direct in respect of Single Contracts affected by the Event of Force Majeure; and
- c. X-CLEAR shall, where relevant and practicable, endeavour to consult any Affected Party in advance of requiring or implementing such measures.

Rulebook (English Law)

19.0 Default of Member

19.1 General rule

If the Member is unable or likely to be unable to fulfil its obligations relating to one or more outstanding Single Contracts or other obligations under the Contractual Relationship towards X-CLEAR, X-CLEAR is authorised at its discretion to take the measures described in clause 19.5 of this Rulebook.

19.2 Discretionary Events of Default

Discretionary Events of Default may result in termination with immediate effect.

X-CLEAR determines at its discretion and taking into account the Member's credit-worthiness, solvency and other ability to act with regard to the proper fulfilment of obligations in accordance with this Rulebook, whether one or more of the following conditions are met and there is a good cause for termination. On this basis, X-CLEAR decides whether the corresponding Member is to be placed into Default in accordance with clause 19.4.

- a. The Member is unable to fulfil its performance and/or payment obligations based on the Contractual Relationship, in particular based on the Financial Collateral Agreement or in the course of a buy-in process, or is unable to fulfil these in good time.
- b. The responsible Governmental Authority revokes the admission (licence) of the Member to a market that is considered by X-CLEAR to be of importance for that Member.
- c. The Member seriously breaches the Rules and Regulations of a Trading Platform or Clearing Organisation or has been declared to be in Default, suspended or excluded by the respective Trading Platform or Clearing Organisation.
- d. The Member is or was subject to restrictive or disciplinary measures ordered by a responsible Governmental Authority or a Trading Platform, recognized Settlement System or another Clearing Organisation, such as investigations, suspension or criminal proceedings.
- e. One or more creditors of the Member have applied/are applying to seize ownership of one or more assets of the Member or are exercising similar rights, which at X-CLEAR's discretion, could seriously impact the Member's ability to meet the obligations of an X-CLEAR Member.

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- f. The Member has been declared insolvent and has entered into an agreement, settlement or other beneficial act in favour of one or more creditors in order to avoid insolvency or for other comparable reasons.
- g. The shareholders of the Member have passed a resolution on the liquidation of the latter.
- h. The Member is in another situation in which, in the reasonable opinion of X-CLEAR, there is good cause within the meaning of § 314 GCC to believe that it is in the interests of X-CLEAR or the relevant market place (including but not limited to the other Members) to terminate the membership of that Member.

19.3 Mandatory Events of Default

If any of the following situations apply in particular, there is deemed to be good cause within the meaning of § 314 GCC for the Member to be declared to be in Default:

- a. The responsible Governmental Authority has opened bankruptcy proceedings against the Member or a ruling (e.g. moratorium, prohibition on transfers) has been issued appointing a bankruptcy liquidator with regards to the assets of the Member.
- b. The responsible Governmental Authority has issued a decree that prohibits the Member from carrying out securities transactions and/or invokes a moratorium and deferment of payment of the Member's obligations, and in particular prohibits interest payments.

19.4 Occurrence of Default

If it is determined that there is an Event of Default pursuant to clause 19.2, the Default sets in with the Member upon the Default declaration by the competent Default Management Committee of X-CLEAR. The Default enters into effect at the time the **Default Notice** is sent to the last known contact address of the Member.

In the case of an Event of Default pursuant to clause 19.3 (mandatory Event of Default), the Member shall be in Default as of the occurrence of the event, i.e. as of the date of the official entry into force specified in the order of the insolvency authority when it was issued, or as of the date of receipt of the corresponding advance notification by X-CLEAR. The Member is also oriented by means of a Default Notice to the Member's contact address last reported to X-CLEAR.

The issue of a Default Notice shall be disclosed to the Swiss supervisory authorities of X-CLEAR, the relevant Trading Platform(s), the Co-CCPs (if applicable), the European

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

Association of Clearing Houses and the Approved Settlement System. The Default Notice shall also be published on the website of SIX.

In cases of an Event of Default pursuant to clause 19.2 that X-CLEAR does not deem to be serious, X-CLEAR may, prior to the issue of a Default Notice, at its discretion issue a reminder to the Member and allow a period for corrective action to be taken.

In the event of only a **Technical Default**, the Member shall promptly notify X-CLEAR in writing of the reasons for the incident or situation. X-CLEAR will give the Member an appropriate period of time to remedy the breach and its cause. The Member shall immediately take steps accordingly and reimburse X-CLEAR for any losses that X-CLEAR has had to bear as a result of the non-fulfilment or inadequate fulfilment.

19.5 Measures by X-CLEAR upon Default

If X-CLEAR, in the event of a discretionary Event of Default, is of the opinion, based on the facts in its possession and at its reasonable discretion, that there is an immediate risk of further losses, it may suspend the Open Offer or Novation to the potential Defaulting Member with immediate effect, i.e. before sending a Default Notice (clause 19.4).

On occurrence of the Default (according to clause 19.4), X-CLEAR shall take with immediate effect each of the following measures (letters a. to c.) if not already executed:

a. Suspension of Open Offer and/or Novation

The Open Offer and/or Novation process as well as the provision of Clearing Services to the Member is suspended with immediate effect.

b. Blocking of Permissible Collateral in Collateral Account

All Permissible Collateral positions shall be blocked, i.e. will not be released and re-transferred to the Defaulting Member (or its bankrupt estate) until the Close-out Procedure is concluded and any Close-out Settlement Amount payable by the Defaulting Member is covered.

c. Close-out Procedure

A Close-out Procedure shall be initiated with respect to all the outstanding Single Contracts of a Defaulting Member.

The elements of this procedure are as follows:

1. The outstanding Single Contracts of the Defaulting Member are either

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- where legally permissible and practicable and in consultation with the recovery agent or (provisional) bankruptcy liquidator, **fulfilled and settled in the regular process** in accordance with their terms and the Contractual Relationship; or
 - where fulfilment and settlement in the regular process is deemed to be unlikely or impossible or impracticable, fulfilled and settled by X-CLEAR following a **buy-in** or **sell-out** of the net positions of the contracted Trading Platform Products.
2. After sending the Default Notice, X-CLEAR will, where legally permissible at its own reasonable discretion but in consultation with the recovery agent or (provisional) bankruptcy liquidator, initiate all necessary buy-in and sell-out activities.

After the buy-in or sell-out orders have been initiated by X-CLEAR and notified accordingly, the settlement instructions of the Defaulting Member vis-à-vis X-CLEAR (DVP and/or RVP) must be stopped with immediate effect by the Defaulting Member by setting them to "hold" status in the system. After completion of the Close-out Procedure and corresponding notification by X-CLEAR, the orders must be cancelled in the System by the Member.

Annex 3 describes the Auction Process with regard to a portfolio of Derivative Products.

3. As part of this process, the differential values of the net positions are determined per ISIN and currency of the outstanding Single Contracts based on the actual purchase costs/sales proceeds. By aggregating and netting all of the amounts to be paid to and by the Defaulting x-clear Member (per currency), a Close-out Settlement Amount is calculated, which is owed either by the x-clear Member or by X-CLEAR from the time the Default Notice is sent (pursuant to clause 19.4), respectively the Mandatory Event of Default (pursuant to clause 19.3) occurs, in particular the opening of bankruptcy proceedings or other bankruptcy-law-related measures (e.g. moratorium, prohibition on transfers).

This amount is netted against or credited to the Permissible Collateral of the Defaulting Member (or the Registered Client, where applicable). The details of this procedure are regulated in the Operational Manual and the Financial Collateral Agreement.

In any case, the above procedure is subject to the contractual provisions relating to the avoidance of Single Contracts (chapter 10.0).

4. In addition to the amounts calculated in the Close-out Procedure, the X-CLEAR Member shall be charged all costs and expenses arising in conjunction with the Event of Default – this includes, but is not limited to, costs relating to the liquidation of

Rulebook (English Law)

Collateral, compensation payments for Late Settlement, costs relating to buy-ins or sell-outs, legal fees or any related extrajudicial expenses as well as, where legally permissible, any interest costs.

5. Furthermore and notwithstanding the other provisions of this clause 19.5, X-CLEAR may decide to terminate the Membership of the Defaulting Member in accordance with chapter 4.0.
6. X-CLEAR shall inform the Member in advance of the measures to be taken, except in the event of the situations that X-CLEAR deems to be urgent.

19.6 Postponement of measures

X-CLEAR can postpone the taking of such measures as per clause 19.5 in accordance with the Applicable Law, especially if a respective order by a Governmental Authority has been issued.

In the event that X-CLEAR does not take any steps described in clause 19.5 following a Default, X-CLEAR shall not be regarded as having waived its entitlement to take any such step immediately or at all.

19.7 Members with more than one Member ID

If a Member clears transactions with X-CLEAR via more than one Member ID, all outstanding Single Contracts under all Member IDs of this Member shall be subject, on an unrestricted basis, to the measures taken by X-CLEAR pursuant to clause 19.4 from the point at which the Default occurs pursuant to clause 19.5 in relation to this Member. In particular, a collective Close-out Procedure shall take place, which results in a single Close-out Settlement Amount per currency being calculated for this Member.

19.8 Netting for affiliated Members ("Group Netting Clause")

Each Member that belongs to a legally affiliated group of companies (Group) and has signed a separate, written declaration of consent to the Group Netting Clause (as per the template on the website of SIX / Clearing / "Forms") shall hereinafter be referred to as a "Consenting Member".

Unless there are any mandatory rules under Applicable Law to the contrary, X-CLEAR shall be entitled (but not obliged) for Consenting Members of this affected Group which are in Default or were set in Default by X-CLEAR (the "Defaulting Consenting Members") to calculate the Close-out Settlement Amounts and to net these Close-out Settlement Amounts together per currency into one net amount.

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

If this net amount is in favour of the Defaulting Consenting Members, X-CLEAR shall transfer this net amount on a pro rata basis according to the individual Close-out Settlement Amounts to those Defaulting Consenting Members which have positive Close-out Settlement Amounts. The individual pro rata positions result from the individual positive Close-out Settlement Amounts of the respective Defaulting Consenting Member which are divided by the sum of all positive Close-out Settlement Amounts.

If this net amount is owed by the Defaulting Consenting Members, this net amount shall be allocated to the single Defaulting Consenting Members on a pro rata basis according to the individual Margin requirements (i.e. in relation to the individual total Margin requirements of each Defaulting Consenting Members to the sum of the total Margin requirements of all Defaulting Consenting Members) and shall be settled accordingly by the realisation proceeds of the Permissible Collateral of the single Defaulting Consenting Members.

If, for a Member that belongs to an affected Group, consent for the Group Netting Clause has not been obtained from all Members of this Group, the requirements for the provision of Permissible Collateral may be amended at the discretion of X-CLEAR in line with the risk involved.

19.9 Excess proceeds of Close-out Procedure or Late Contribution

In the event that:

- a. Default Fund Contributions and/or Top-up Contributions of non-defaulting Members have been realised / made pursuant to the Financial Collateral Agreement and excess amounts remain at X-CLEAR after the Close-out process (as defined in clause 19.5 lit. b.); or
- b. a Defaulting Member makes a Default Fund Contribution after the Default Fund Contributions and/or Top-up Contributions of non-defaulting Members have been realised but only in cases where such contributions by the Defaulting Member are made pursuant to obligations arising prior to such realisation (here referred to as a "Late Contribution"),

then X-CLEAR shall make on a pro rata basis a total compensation to the non-defaulting Members whose Default Fund Contributions and/or Top-up Contributions have been realised from such proceeds of the Close-out process or Late Contribution up to the maximum amount of the Default Fund Contributions and/or Top-up Contributions made by all Members at the time of the realisation.

20.0 Claims, liabilities and Margins of NCMs in the Default of the GCM

20.1 Pre-arranged solutions

20.1.1 Key principles and requirements

In the event of a Default by a GCM, X-CLEAR shall ensure that the pre-arranged solutions are carried out by treating all claims and liabilities against X-CLEAR as well as the Margins (according to clause 5.2) of the NCMs linked to the Defaulting GCM in accordance with the applicable contractual agreements and orders, which are in particular:

- a. the Contractual Relationship of X-CLEAR with the GCM and the Back-up GCM
- b. the order from the Back-up GCM to X-CLEAR (pursuant to clauses 20.1.3 and 20.1.4)
- c. in the case of individual client account segregation, the selection made by the individual NCMs (pursuant to clause 20.1.3).
- d. X-CLEAR shall carry out the pre-arranged solution selected by the NCM (in accordance with the options defined in clauses 20.1.3 and 20.1.4) within 48 hours after the issuance of a Default Notice of the GCM concerned (pursuant to clause 19.4), provided this solution can be implemented in a timely manner and the following requirements are met:
 - (i) The following documents must be in place and the corresponding measures taken:
 - Order from the Back-up GCM as the agent of the NCM pursuant to clauses 20.1.3 lit. a. and 20.1.4 as well as the technical activation of the Member based on the instructions on the CSSI form; or
 - Request by the NCM for admission as an ICM pursuant to clause 20.1.3 lit. b and activation as a Member based on the instructions on the CSSI form;
 - Order by the Defaulting GCM as the agent of the NCM pursuant to clause 20.1.3 lit. c., which was given based on consent of the recovery agent or by the (provisional) bankruptcy liquidator;
 - (ii) Existence of a Legal Opinion as to the soundness and enforceability of the selected solution pursuant to clauses 20.1.3 and 20.1.4, in particular based on the applicable insolvency law;

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- (iii) Additionally in the case of porting (pursuant to clauses 20.1.3 lit. a and 20.1.4), the coverage of the same settlement markets by the Back-up GCM as the Defaulting GCM;
- e. Additionally in the case of porting (pursuant to clauses 20.1.3 and 20.1.4), the existence of a confirmation from the Back-up GCM of its unconditional agreement with the porting. This confirmation must be issued within eight Business Hours of the Back-up GCM being informed by X-CLEAR of the occurrence of the Default of the GCM and the amount of the outstanding claims and liabilities as well as the Margin that must be transferred in the form of Permissible Collateral.

20.1.2 Further conditions

The following must be noted:

- a. X-CLEAR does not offer any safeguards with respect to contributions from NCMs to the assets pledged by the GCMs for Default Funds. This applies irrespective of whether these were made in the form of cash and/or Securities.
- b. In jurisdictions in which Applicable Laws do not explicitly grant exceptions from regular insolvency rules and proceedings with respect to the options and procedures as defined hereafter (clauses 20.1.3 and 20.1.4), a consent or an executorial order (as the case may be) from the responsible restructuring agent, or if bankruptcy proceedings have been initiated, from the (provisional) bankruptcy liquidator is required. The GCM shall expressly inform the NCM accordingly.
- c. However, in jurisdictions in which Applicable Laws so require, X-CLEAR shall in accordance with such laws port the positions and Margins of NCMs to a Back-up GCM without the consent or instruction of the Defaulting GCM, its restructuring agent (where employed) or (provisional) bankruptcy liquidator.
- d. The pre-arranged solutions are based on the account segregation selection made by the linked NCMs (pursuant to chapter 13.0). The following options are therefore available:

20.1.3 Options in the case of individual client account segregation (individual segregation)

In the case of individual account segregation, the GCM shall notify the NCMs linked to it of their right to select between the options listed below in order to protect their claims and liabilities as well as the Margins they have provided with respect to the possible Default of the GCM.

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

Each NCM shall decide on one of the three following options.

a. **Individual porting to a Back-up GCM:**

The NCM independently selects a Back-up GCM and concludes a Back-up GCM/NCM Agreement with it pursuant to the requirements in Annex 2. The Back-up GCM must already have a membership as a Member. The Back-up GCM shall inform X-CLEAR that it has accepted its back-up function and shall issue an order to X-CLEAR (as per the template on the website of SIX / Clearing / "Forms") to set up the necessary account structures and take any other measures required for a possible porting. X-CLEAR shall confirm this order and inform the Back-up GCM and the NCM once it has taken these measures.

b. **Independent membership** and transfer into own Clearing Services Accounts and Collateral Accounts:

The NCM shall make a direct application to X-CLEAR to be admitted as an ICM (Individual Clearing Member). X-CLEAR shall review this application and then accept or reject it. If this application is accepted, X-CLEAR shall initiate the regular acceptance procedure. The NCM may hold this membership on a subsidiary basis prior to the occurrence of the Default of the GCM, i.e. not using it, or only using it on a selective basis.

c. Settlement by means of the **Close-Out Procedure** (pursuant to clause 19.5 lit. c):

The GCM and the NCM shall agree that upon occurrence of the Default of the GCM, a Close-out Procedure pursuant to clause 19.5 lit. c. be carried out with respect to the claims, liabilities and Margins of the NCM. In the case of its Default, the GCM as the agent of the NCM shall, in consultation with its restructuring agent (where employed) or, once bankruptcy proceedings have been initiated, the responsible (provisional) bankruptcy liquidator at the request of the NCM, issue an order to X-CLEAR to carry out a Close-out Procedure pursuant to clause 19.5 lit. c. In this case, the payment of a positive Close-Out Settlement Amount shall be made directly to the NCM, while a negative Close-out Settlement Amount shall be netted against the proceeds from the Permissible Collateral of the GCM.

The GCM shall inform X-CLEAR of the selection of the NCM with respect to the options set out above.

20.1.4 **Option in case of omnibus client account segregation (omnibus segregation)**

In the case of omnibus account segregation, the GCM, as the agent of its NCMs, shall enter into an agreement with a Back-up GCM ("**GCM/Back-up GCM Agreement**"), whereby in the case of its Default, the GCM or the bankruptcy liquidator shall issue an order to X-CLEAR to collectively transfer all claims and liabilities as well as the Margins of all NCMs linked to it to the respective Back-up GCM ("**collective porting**"). It is only

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

possible to split the claims and liabilities amongst multiple Back-up GCM where the Defaulting GCM has multiple omnibus accounts for different groups of NCMs. The Back-up GCM must already have a membership as a Member.

In this case, the GCM shall consult the NCMs linked to it prior to selecting the Back-up GCM and concluding the GCM/Back-up Agreement.

The Back-up GCM shall notify all NCMs concerned that it has accepted its back-up function and signed the GCM/Back-up GCM Agreement. The Back-up GCM shall also inform X-CLEAR that it has accepted the GCM/Back-up Agreement and shall issue an order to X-CLEAR to set up the necessary account structures and take any other measures required for a possible porting. X-CLEAR shall confirm this order and inform the Back-up GCM once it has taken these measures.

The Back-up GCM shall conclude a Back-up GCM/NCM Agreement with each NCM concerned in accordance with the requirements in Annex 2.

20.2 Procedure if no pre-arranged solutions are in place

If, prior to the occurrence of the Default of the GCM, the NCMs do not make a selection pursuant to clause 20.1.3 or the GCM as the agent of the NCMs has not concluded a Back-up GCM Agreement (pursuant to clause 20.1.4) or the requirements pursuant to 20.1.1 have not been fulfilled or it transpires that the solution selected (pursuant to clauses 20.1.3 or 20.1.4) cannot be implemented in good time, X-CLEAR shall, in the event of the Default of the GCM and having obtained consent from the responsible restructuring agent, or if bankruptcy proceedings have been initiated following a corresponding order from the (provisional) bankruptcy liquidator as well as in accordance with the account segregation selection made by the NCM (pursuant to chapter 13.0) as well as taking into consideration the requirements pursuant to clause 20.1.1, either

- a. carry out an **Individual Close-out Procedure** for each NCM concerned pursuant to clause 19.5 lit. c with respect to its claims and liabilities as well as Permissible Collateral for Margins referable to the NCM. In this case, the payment of a positive amount (calculated in accordance with clause 19.5 lit. c. shall be made directly to the NCM, while a negative amount (calculated in accordance with clause 19.5 lit. c.) shall be netted against the proceeds from the Permissible Collateral of the Defaulting GCM; or
- b. carry out a **Collective Close-out Procedure** for all claims and liabilities as well as all Permissible Collateral for Margins of the NCMs linked to the Defaulting GCM pursuant to clause 19.5 lit. c. and credit a resulting positive amount (calculated in accordance with clause 19.5 lit. c.) to the Defaulting GCM for the account of the

NCMs (in accordance with the Defaulting GCM's account segregation structure) or net a resulting negative amount against the proceeds from the Permissible Collateral of the Defaulting GCM.

Clearing Services for Members domiciled in the United Kingdom

 - the Trading Platform Products to be delivered to or by X-CLEAR are purchased / sold by means of a buy-in or sell-out by X-CLEAR or its bankruptcy liquidator and then the Close-out Settlement Amounts are calculated, which are offset against the Permissible Collateral or paid out to the Members.

The details of this procedure are regulated in the Operational Manual. In any case, the above procedure is subject to the contractual provisions relating to the avoidance of Single Contracts (clause 10.0) and the legal provisions relating to the cancellation of debits or credits.

22.0 Confidentiality, data protection and notifications

22.1 Confidentiality - General rule

All confidential information received by X-CLEAR relating to the Member in connection with the provision of Clearing Services, in particular information concerning past or current positions, all components of Permissible Collateral, Settlement and any financial statements filed by a Member ("Confidential Information"), shall be held in confidence by X-CLEAR and shall not be disclosed to any other Person.

22.2 Confidentiality - Exceptions

X-CLEAR shall notify the Participant in advance of its intention to disclose the data;

- c. pursuant to and in accordance with Applicable Laws (after the Member has been given notice, if such notice is permissible under the Applicable Laws or regulatory standards);

- a. is no longer in a position to fulfil its contractual obligations in respect of outstanding Single Contracts;
- b. commits a material breach of its contractual obligations towards X-CLEAR; or
- c. relinquishes its X-CLEAR Membership or it is suspended or terminated by X-CLEAR.

If not prohibited by any Applicable Laws, X-CLEAR will give such notification after having advised the Member accordingly.

22.4 Processing of personal data

22.4.1 Preconditions

X-CLEAR processes personal data in accordance with the Applicable Laws on protecting personal data – in particular for persons acting on behalf and in the name of the Member or other natural persons acting on behalf of the Member in relation to the Clearing Services vis-à-vis X-CLEAR ("Data Subjects").

Members shall ensure that the required legal conditions are met in their areas of responsibility with regard to the disclosure and processing of personal data and that these requirements are met for the entire duration of the processing.

The following provisions correspond to the regulations of the European General Data Protection Regulation 2016/679 ("GDPR"), which defines a level of protection that is to apply to all Members of X-CLEAR. They describe and regulate the processing of personal data of natural persons ("data subjects") by X-CLEAR within the scope of the Contractual Relationship. X-CLEAR is considered a "controller" in the sense of GDPR and a "data collection owner" in the sense of the Swiss Data Protection Act.

The provisions serve in particular to provide guidance on:

By providing this personal data to X-CLEAR, the contractual partner confirms that it has informed the individual (employee, agent, client etc.) whose data is being sent to X-CLEAR in advance that this data is being forwarded to X-CLEAR.

X-CLEAR is subject to Swiss anti-money laundering legislation and in this regard is legally obliged to perform further clarifications within the scope of their business activities before entering into or maintaining client relationships and to process additional personal data that it obtains as part of this process. X-CLEAR collects data of the contractual partner, personal data of the person opening the business relationship, personal data of controllers or beneficial owners (where necessary) as well as personal data of authorised signatories. 22.4.5 Forwarding of data to third parties / outsourcing

X-CLEAR is an indirect subsidiary of SIX Group Ltd (“SIX Group”). It may outsource the processing of data within the framework of the main contract as well as some or all services to SIX Group or other Affiliates of SIX Group (in particular to SIX Group Services Ltd, SIX Securities Services Ltd, SIX SIS Ltd and SIX Interbank Clearing Ltd) as well as to third parties which do not belong to SIX Group both in Switzerland and abroad.

If, as part of this outsourcing arrangement, personal data within the meaning of this Annex is sent to SIX Group, other subsidiaries of SIX Group or third parties as service providers, X-CLEAR shall oblige the service providers in advance to ensure full compliance with the relevant confidentiality and data protection provisions and respective obligations of X-CLEAR, which are at least equivalent to Applicable Laws in Switzerland. X-CLEAR also reserves the right to disclose personal data to authorities and/or third parties in Switzerland or abroad, provided X-CLEAR is obliged to disclose this data under Applicable Laws.

X-CLEAR or the third parties mentioned in this clause 22.4.5 may transfer and/or process personal data from or outside Switzerland, but only if the level of data protection guaranteed by Applicable Laws is at least equivalent to that in Switzerland. X-CLEAR shall inform the Member within a reasonable period of time in advance if it outsources its data processing to service providers outside Switzerland, the European Union or the EEA.

22.4.6 Duration and location of data processing

Personal and other data are processed by X-CLEAR in accordance with the statutory data protection provisions as well as the applicable statutory retention obligations. In Switzerland, the retention period is 10 (ten) years after the end of the Contractual Relationship.

The above-mentioned rights may be refused or restricted by X-CLEAR if the interests, rights and freedoms of third parties outweigh these rights or the processing of personal data is necessary for X-CLEAR to assert, exercise or defend its legal rights.

24.0 Fees and costs

24.1 Fees and external costs

In accordance with the rules of the Contractual Relationship, the Member shall pay an annual Membership fee, payable *pro rata temporis* in Swiss francs (CHF) as part of the regular monthly fees payable by the Member as well as ongoing fees charged on the basis of the Clearing Services actually received.

X-CLEAR will set out its Clearing Services charges and Membership fees in the Price List as published on the SIX website and issued to the Member from time to time in the event of it being amended.

Suspension of Membership in accordance with the Contractual Relationship does not release the Member from the requirement to pay the Membership fee. If Membership of the Member begins or is terminated during a calendar year the Membership fee paid for that year is payable, but will be refunded on a pro rata basis.

X-CLEAR shall be entitled to vary the amount of the charges or fees in accordance with the change rules of the Contract for Clearing Services.

X-CLEAR shall provide the Member (by post, e-mail or other agreed electronic means) with a monthly statement of the fees and charges accrued.

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

SIX SIS, an account at a bank or via the Swiss payments system Swiss Interbank Clearing ("SIC") by direct debit. Collection will be effected by SIX SIS as an agent of X-CLEAR.

The Member undertakes to instruct SIX SIS to honour all direct debit mandates received from X-CLEAR (where the Member's account is held at SIX SIS) to collect all sums owed by the Member from the Member's accounts held at SIX SIS and transfer the appropriate amount to X-CLEAR's account with SIX SIS. The Member may revoke the direct debit instruction with 14 days' notice, provided that a replacement arrangement at SIX SIS is established prior to such revocation.

25.0 Extensions and waivers

25.1 Extension or waiver of acts

The time fixed by the Contractual Relationship for the performance of any act or acts may be extended, or the performance of any act or acts required by Contractual Relationship may be waived by X-CLEAR whenever at its discretion it considers that such extension or waiver is necessary or in the best interests of X-CLEAR.

25.2 Extension of submission of information or making payments

X-CLEAR's relationship with a Co-CCP shall be governed by the applicable Link Agreement and this chapter 28.0. Furthermore, the provisions of this Rulebook, and in particular the Default rules of chapter 19.0, shall apply to the Co-CCP mutatis mutandis but only in respect of its obligations in respect of Inter-CCP Contracts. In particular, references to "Single Contracts" shall be replaced by references to "Inter-CCP Contracts" and references to the Membership of a Member shall be read as a reference to the relationship of the Co-CCP to X-CLEAR as a co-operating Central Counterparty.

33.0 **Annex 3: Auction Participation Rules**

In markets where X-CLEAR is providing Clearing Services for Derivative Products it assures the liquidation of a defaulting Member's portfolio of Derivative Products and/or Securities with a pre-arranged Auction Process.

To this end the following **Auction Participation Rules** shall apply:

33.1 **Objectives**

- a. As a consequence of the close-out process necessitated by the Default of a Member unsettled Single Contracts might result for X-CLEAR in positions in Derivative Products and/or Securities which must be liquidated by "sell off".
- b. In order to liquidate these positions in an orderly manner a procedure is defined at X-CLEAR (the "Auction Process") which includes arrangements with financial institutions qualifying as Auction Participants and being part of that process.
- c. The objectives of the Auction Process are i) to re-establish X-CLEAR's balance of its order book ("matched book"), ii) to endorse the market participants' interests of preserving stable market conditions and iii) reduce risks (esp. of contagion) in a time of elevated stress.
- d. X-CLEAR intends to offer respective positions in Derivative Products and/or Securities which might include hedge transactions specifically related to the respective positions (the "Offered Portfolio") for sale to the Auction Participants and act as provided for in this Auction Participant Agreement on trading venue(s) where derivatives and securities are offered for clearing by X-CLEAR.

33.2 **Qualifications of Auction Participant**

An Auction Participant must qualify in advance of an Auction Process as follows (cumulative requirements):

- a. It is
 - a Member of X-CLEAR or
 - a Non-clearing Member which has concluded the present Auction Participation Agreement with X-CLEAR and which is linked to a Member of X-CLEAR (the "GCM");

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- b. It is a market participant in a market in Derivatives Products where X-CLEAR provides clearing services and, in X-CLEAR's reasonable opinion, is able to purchase and manage an Offered Portfolio;
- c. It is capable to fulfill the technical, operational and capital requirements to support the Auction Process. Details of requirements will be published in the Operational Manual.

33.3 Obligations of Auction Participant

When requested by X-CLEAR the Auction Participant shall take part in an Auction Process as further defined hereafter. In particular, the Auction Participant agrees to:

- a. Analyse the Offered Portfolio, and in case of interest, provide an answer to X-CLEAR in form of a firm bid for the Offered Portfolio.
- b. As a Market Maker (as defined in article 4 of the European Directive 2014/65/EU on markets in financial instruments ["MiFID"]) fulfilling the requirements as set forth in clause 33.2, always take part as an Auction Participant in an Auction Process offering Trading Platform Products for which it is a Market Maker.
- c. Provide such bid within the deadline set forth by X-CLEAR in the Offered Portfolio's description and specific terms. For the avoidance of doubt X-CLEAR takes non-submission of a bid as a decline of participation in the Auction Process.
- d. Participate in its role in a yearly default management testing procedure as is imposed on X-CLEAR by its regulatory authorities.
- e. As an Auction Participant which is an NCM, have received in advance the consent from its GCM to bid for the Offered Portfolios. The GCM shall confirm such consent towards X-CLEAR in written form.

33.4 Obligations of X-CLEAR and Auction Process

- a. X-CLEAR invites the Auction Participants to a specific Auction Process.
- b. The Offered Portfolio consists in the aggregate of the Single Contracts which have not been settled between X-CLEAR and the Defaulting Member at the time of the launch of the Auction Process. X-CLEAR may, at its sole discretion, include its related hedging transactions (if any) and split the Offered Portfolio into several tranches (sub-portfolios).

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

- c. X-CLEAR informs the Auction Participants of the single positions of Offered Portfolio and the specific terms of the Auction Process, in particular of the applicable bidding period during which price offers for the Offered Portfolio can be placed.
- d. The Auction Process will be conducted in a hidden form (i.e. a “sealed-bid auction”). The Auction Participant submits its bid in writing by email to X-CLEAR without having been disclosed by X-CLEAR of any prices or other relevant details about the bids of other Auction Participants.
- e. X-CLEAR reserves the right to cancel an Auction Process if results prove unsatisfactory in X-CLEAR’s reasonable discretion. X-CLEAR will explain such cancellation and either repeat the Auction Process amending (or refraining from amending) the specific terms or resort to an alternative solution for the sale of the Offered Portfolio.
- f. The best bid wins the Auction Process. X-CLEAR advises the winning Auction Participant and informs the other Auction Participants by e-mail.

33.5 Incentivation

Auction Participants are pursuing the objectives as set out in clause 33.1 let. d. For this they shall be given a benefit in accordance with their usage of the derivative clearing services of X-CLEAR and their efforts as defined in clause 11.7 of the Rulebook.

For the avoidance of doubt, if an NCM wins the Auction Process, its GCM is not considered the best bidder of the Auction Process within the meaning of clause 11.7 of the Rulebook and, thus, shall not be entitled to the benefits provided in this clause.

The GCM shall agree with its NCM(s) a rule regarding the NCM’s compensation when the latter should win an Auction Process.

33.6 Administration and taxes

Ownership and responsibility for the administration of all positions of the Offered Portfolio shall rest with X-CLEAR until they are transferred from the account of X-CLEAR to the account of the winning Auction Participant. Relevant rules are set forth in the Contractual Relationship with X-CLEAR.

Furthermore, with regard to taxation of the position transfers the respective rules set forth in the Contractual Relationship shall apply.

Rulebook (English Law)

33.7 Data Protection and Confidentiality Commitment

The Auction Participant is aware that any information on the Offered Portfolio and its specific terms are privy to the Auction Participants only. It shall keep confidential all information relating to this Agreement whether contained in this contract or derived from the respective contractual arrangements and transactions unless the information has become public by way of disclosure through other persons, or disclosure is required by law, judicial order or a party's regulatory authority.

The Auction Participant therefore commits to use such information in all Auction Processes subject to these rules for the purposes stated in this Annex 3 only and not to exploit it on a self-standing or joint basis for its own benefit (the "Confidentiality Commitment").

This clause shall remain in force beyond termination of this Agreement.

33.8 Fees and Penalties

The Auction Participant or X-Clear shall pay the price as set by the Auction Process within two Business Days following the Auction Process.

The Auction Participant shall disclose any requirements regarding brokerage fees and commissions, thus ensuring that X-CLEAR is able to distinguish the price of the instrument from the fee or commission charged in the final billing.

In case of violation of the Confidentiality Commitment the Auction Participant shall pay a conventional penalty of 20% of the Offered Portfolio's value as set by the Auction Process.

For unsuccessful auctions the absolute value of the Offered Portfolio at the time of the Default as calculated by the applicable clearing system shall be relevant.

33.9 Governing law and jurisdiction

33.9.1 Governing law

Any disputes arising out of or in connection with the legal relationships between X-CLEAR and the Auction Participant will be governed by the laws of the domicile of the Auction Participant.

33.9.2 Jurisdiction

The place of jurisdiction for any form of proceedings and for any disputes arising in connection with the legal relationships between X-CLEAR and the Auction Participant is

Rulebook (English Law)

Clearing Services for Members domiciled in the United Kingdom

the competent court of the domicile of the Auction Participant. This court shall also be the place of enforcement. However, X-CLEAR also has the right to take legal proceedings against the Auction Participant before any court which is competent according to Applicable Laws.
