<b>Service user</b>	Operators of, for example, financial accounting, treasury and accounts receivable solutions as well as of solutions for e-banking or for combined presentation or management of accounts (aggregation); portfolio management system providers; providers of software solutions, for example for the management, aggregation, analysis, and display of asset situations; financial institutions, other financial service providers, or government bodies (e.g. tax administration) with software solutions
<b>Service provider</b>	Financial institutions managing accounts and/or security accounts; financial service providers with end-customer data.
<b>Participant</b>	Service users and service providers who have signed the participation agreement.

## 2. Routing Instructions

---

This form allows the service provider to create a new routing instruction or delete an existing routing instruction (Section 5).

Using a routing instruction, a service provider instructs SIX BBS Ltd ("SIX") – the platform operator – not to forward service calls from one or more service users to the service provider in question.

The service users affected by a routing instruction can use an API call to check which service provider issued the routing instruction.

## 3. Deadline

---

The form must be correctly filled out, signed and received at the address listed under "contact details" by e-mail or by mail at least one calendar week before the requested activation or deletion of the routing instruction.

## 4. Prices

---

The Routing Instructions service is invoiced to the service provider on a monthly basis in accordance with the current bLink platform price list.
