

The Future of Durable Carbon Removal Is Now

Carbonfuture – Leading Global Digital Trust Infrastructure and Marketplace for Durable Carbon Removal Credits

Eva van der Want

Senior Business Development Manager Carbon Markets, SIX

14.04.2025

Carbon Removal Is a Required Puzzle Piece to Mitigating the Climate Crisis

Carbonfuture focuses on **durable carbon removal** to help accelerate the required, high-quality, CDR market.

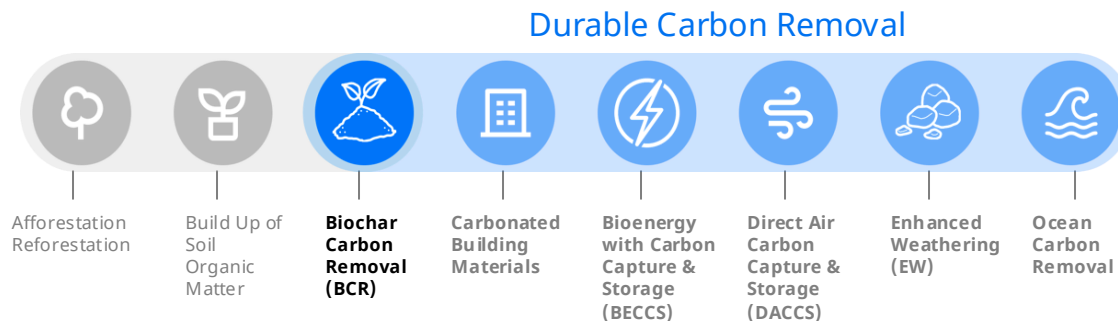

Portfolio Approach to Durable Carbon Removal for De-risking

Carbon Dioxide Removal (CDR) Technologies

No single CDR technology can get us to the 10 Gigaton of removal needed. We thus cover all durable CDR technologies.*

** With at least multi-hundred years of durability*

Join Today To Achieve Net Zero Tomorrow...

Some of our **treasured clients** using our high-quality durable carbon removal solutions.
