SIX to outsource its “Microsoft Exchange” e-mail infrastructure into the Microsoft cloud

1.0 Overview

As part of our legal obligation to inform you as our members about appropriate measures, we would like to draw your attention to the following upcoming changes. SIX is going to outsource its “Microsoft Exchange” e-mail infrastructure into the Microsoft cloud within the next few months. In addition, SIX is going to use the Office document tools and storage capacities in the Microsoft cloud. The contractual partner of SIX is Microsoft Ireland Ltd. The Microsoft data centers offering the services are located in Ireland, Finland, Austria and the Netherlands. FINMA has approved this outsourcing.

4.0 Details

As a consequence of the outsourcing, all e-mails exchanged between your company and SIX will be stored in one of the four Microsoft data centers mentioned above. The e-mails and documents stored in the data centers will be encrypted. In addition, Microsoft is contractually obliged to implement technical and organizational measures to protect the data and adhere to professional secrecy and all other applicable data protection laws and regulations. In order to make sure these obligations are always fully complied with, SIX and its regulators, FINMA and the SNB, have a contractual right to audit the outsourced services on location.

For the avoidance of doubt, SIX’s operational systems will not be affected by this outsourcing.
