

SDX Web3 Custody Service

Designed for institutional clients who want to scale their Crypto Asset business leveraging best-in-class back-end services and capabilities.

SDX Web3 is an integral part of the SIX Group and leverages high quality and mature services from both SIX Group and SIX Digital Exchange (SDX).

At SDX Web3, we offer a best-in-class, institutional custody service specifically designed to meet the needs of institutional clients. Safe and cost-effective, our service offers key storage, transfer execution, and monitoring with banking-grade compliance standards, automated reporting, and blockchain management. Your assets are always protected with high quality of services for loss and theft prevention and fully compliant regarding AML and sanction processes.

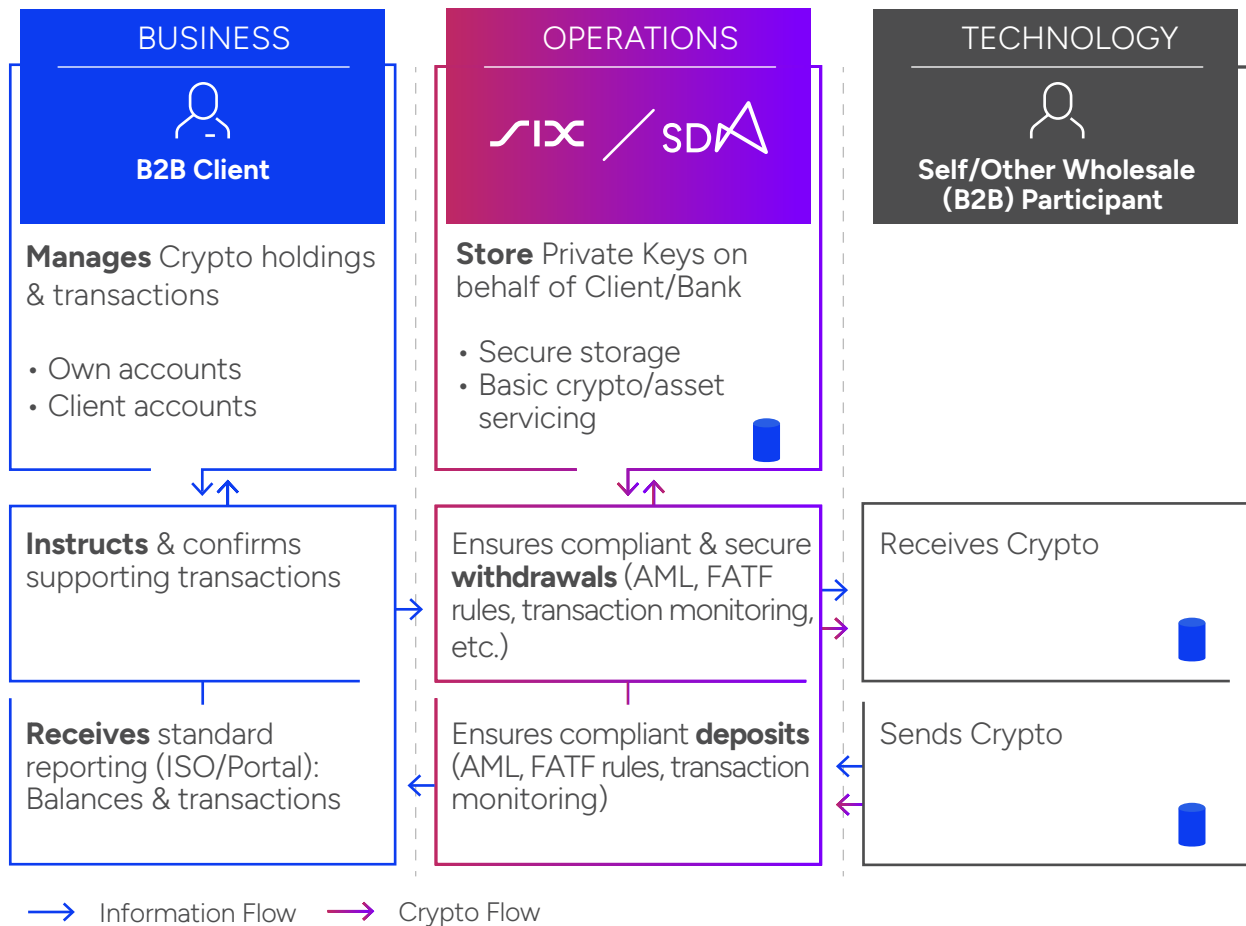

SDX Web3 leverages services from SIX Group and SDX. Since 2021, SDX is successfully operating a digital financial market infrastructure for digital securities, overseen by FINMA licenses.

By using a trusted infrastructure provider, our clients can focus on what they do best – servicing and anticipating the needs of their own clients.

Secure your digital assets with SDX Web3 custody solution and focus on growing your business!

SDX Web3 abstracts away the complications of blockchain infrastructure management and provides best-in-class security and service.

Our service is designed for institutional clients who want to scale their crypto business leveraging best-in-class back-end services/capabilities.
