Partial settlement and top priority for CCP transactions at Euroclear Finland

1.0 Overview

Euroclear Finland is in the course of providing harmonized settlement process according to the T2S standards in its Infinity system. They will offer automated partial settlement and assignment as a top priority for CCP netted transactions as of 30 September 2019 (intended settlement date). SIX x-clear Ltd, as a direct participant of Euroclear Finland, will therefore follow the relevant procedures.

2.0 Effective date

30 September 2019.

The effective date for the aforementioned services of Euroclear Finland is 30 September 2019 (intended settlement date). **SIX x-clear Ltd will send settlement instructions in the new format** including the partial settlement and priority indicators for transactions **with the trade date of 30 September 2019 (Monday) onwards**, as Euroclear Finland will ignore those indicators for transactions with a trade date until 27 September 2019 (Friday).

3.0 Impact on participants

There are no technical changes for SIX x-clear Ltd caused by the implementation of the relevant procedures from Euroclear Finland. The partial settlements will be indicated with "PARQ" in all MT54x reports of SIX x-clear Ltd.

3.1 Automated partial settlement

The partial settlement indicator for Clearing Members of SIX x-clear Ltd is "PARQ", as is the case for other T2S settlements. SIX x-clear Ltd strongly recommends its Members to use "PARQ" in their leg of the settlement instructions.

As WITH-linked or pooled instruction's references are not eligible for partial settlement at Euroclear Finland, SIX x-clear Ltd will continue handling such instructions manually.

3.2 Top priority for CCP netted transactions

Euroclear Finland allows four different levels of priority for settlement instructions. The "0002-Top priority" level is set for the CCP netted transactions automatically by Infinity.
