Review of Progress Reports
High Level Assessment

High level assessment

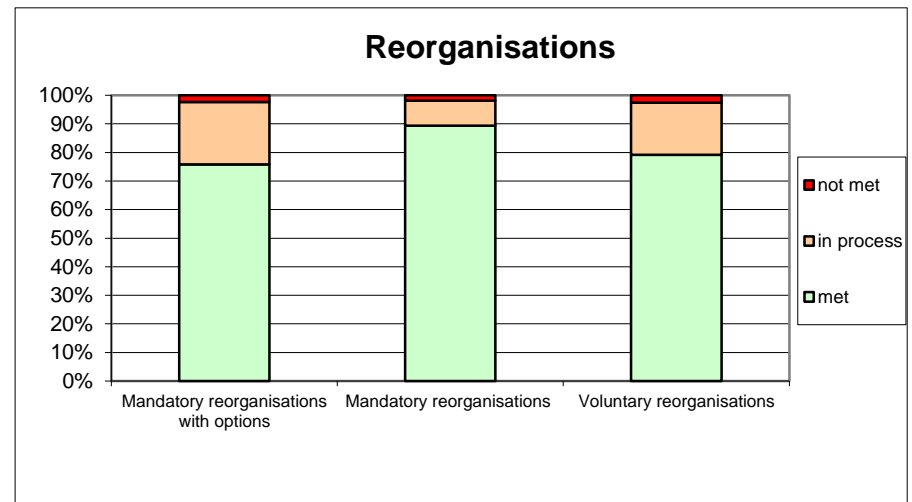

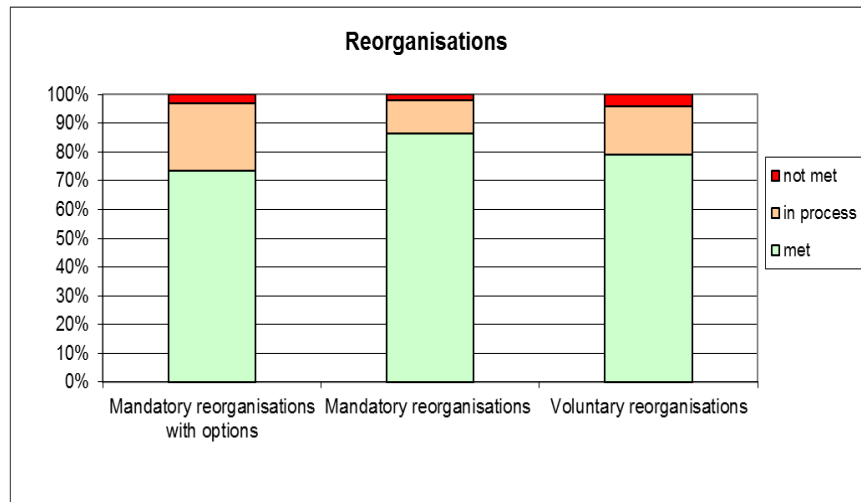

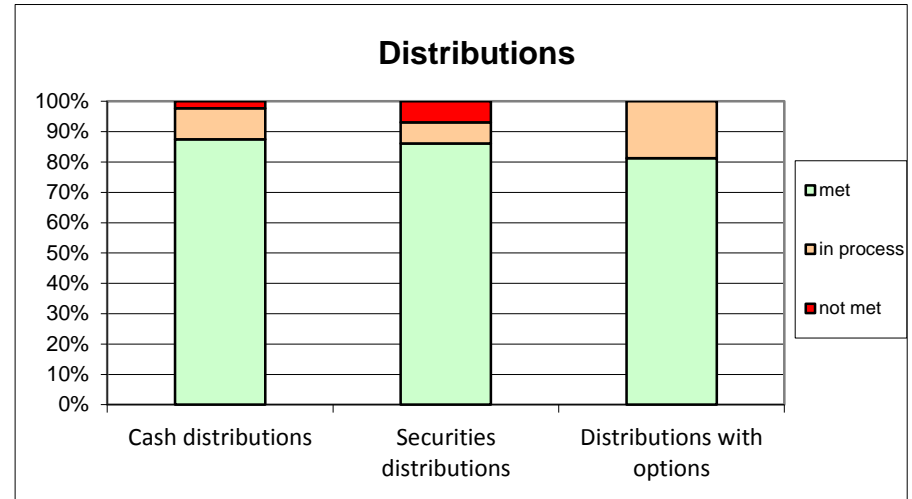

- Overall good level of compliance with all standards in 8 major markets
(UK-Ireland, France, Germany, Italy, Spain, Sweden, Switzerland, Netherlands)
- Switzerland fully compliant with all standards
(with one small exception, 127 out of 129 compliant)
- Interdependencies between CSD systems and compliance (ESES markets, Finland, Sweden, Hungary, Norway)
- Full /near full compliance with prioritised standards in most major markets, expected by end 2016, postponed to 2017/18
- Mixed results other markets (excluding CEE) – full compliance with prioritised standards in Portugal, encouraging progress in Austria, continuous difficult situation in Norway and Finland
- State of implementation of the Market Standards for Corporate Actions Processing will be reflected in the EPTF Report
- Need of cross market / third party practice checks to foster overall credibility
